8. Every Petition of Appeal from a decree must contain a memorandum showing the valuation of the Appeal under the Court Fees Act. Any Memo of Appeal which does not give the particulars of valuation shall be returned by the Registrar, for the same being stated within a time to be fixed by him.

---

* On the presentation of an Appeal or Application of a civil nature, it will be the duty of the clerk receiving the same, to examine the stamps carefully and note on the Petition or Application the name of the person presenting the same, and the date of presentation, and enter the same in the General Register, giving it a serial number. The Register will be closed at 4 P. M. and taken daily to the Deputy Registrar, who will date and initial the same. The civil clerk deputed for the work shall attach to the Appeal or Petition presented a certificate as to whether or not it is presented in the form and within the time prescribed by law, and is accompanied by proper enclosures and a memorandum of valuation, giving clear particulars for calculating the stamp duty payable thereon, and is stamped as required by law. If found correct, the Appeal or Application will be entered in the appropriate Register and brought up for admission. If defective in any of the above particulars, it will be noted and returned to the Advocate or party for necessary amendment under the signature of the Registrar, a time being fixed, if necessary, for amendment and re-submission.

2. The Advocate or party may amend and re-present the Appeal or Application within the time fixed as above, or within such further time as the Registrar may allow, not exceeding one month on the whole.

3. After an Appeal or Application has been admitted, the Registrar will fix a date for its hearing and issue notice in the form prescribed (No. 175, Schedule IV. C. P. Code.)

4. In fixing the date with reference to the current business in the Court, no Second Appeal should be posted for hearing in less than six weeks from the date of admission, and no Regular Appeal in less than two months, except when otherwise specially ordered by the Court. All Applications for Revision or of a miscellaneous nature and all References will be posted to the earliest convenient date.

9. All Appeals presented after the time prescribed by law shall be accompanied by an explanation of the delay, supported by an affidavit. The statement of the cause of delay should be made in the Appeal petition.

10. Appeals not accompanied by copies of the Judgment and Decree of the Lower Court and Vakalatnama (when presented by an Advocate) shall be returned.

11. A Register of appeals, &c., returned for amendment, or in accordance with the foregoing Rules, will be kept in the following form :—

Serial No.	Whether Appeal or Petition.	Name of Appellant or Petitioner.	By whom presented and date of presentation.	Substance of order and date.	Signature of the Party or Advocate or Advocate's Gumasta receiving back the Appeal, &c.	Initials of the Dy. Registrar.

12. When an Appeal is from the Decree or Order of an Appellate Court, the Court may direct the Appellant to produce copies of the Judgment and Decree or Order of the Court of First Instance, and specify the time within which the same should be produced.

13. In every Appeal and Petition, the provision of the law under which it is presented should invariably be specified, and Appeals and Petitions which do not conform to this rule will be returned by the Registrar, a time being fixed for amendment and resubmission.

14. When an Appeal against an Order or against an Appellate Order is presented to the Court, a copy of the Petition on which the Order appealed against was passed shall also be produced, unless the copy of the Order or Appeallate Order itself furnishes sufficient information as to the nature of the case.

15. Where the Court of First Instance or the Lower Appellate Court has reviewed its Judgment, parties should produce copies of both the primary and revised Judgment.

16. When the Application for Review is rejected and the Appeal is from the Original Judgment and Decree, a copy of the order rejecting the application need not be presented with the Memo of Appeal. In such cases, the date on which the Application for Review was presented and the date on which it was rejected should be stated in the Memo of Appeal.

17. The time occupied in obtaining a copy of the Order rejecting an Application for Review will not be excluded in computing the peirod of limitation prescribed for an Appeal.

18. After an Appeal has been filed, every Application by an Appellant for leave to file a Memorandum of additional grounds of appeal shall be made by Petition, ten clear days before the day of hearing, and when granted, the Appellant shall not, without the leave of the Court for special cause, be heard in support of such ground or grounds, unless he shall have served a copy thereof on the Respondent or his Advocate eight clear days before.

19. The admission of an Appeal from the Decree or Order of a Civil Court, and the determination whether notice shall at once issue to the Respondent, or the Appeal be placed for orders before the Admission Judge for the time being, shall be deemed to be quasi-judicial acts, and shall be done by the Registrar of the Court, subject to the following directions :—

(*a*) All First Appeals and Appeals from Orders, as well as all Second Appeals alleging an apparently good or arguable ground, shall be admitted, if they were presented within the time limited by law, and the proper stamp has been furnished, and shall be set down for hearing after notice.

(*b*) If, in the opinion of the Registrar, there is no such ground alleged in the Appeal Memo as would justify his ordering notice to issue, he shall submit the record for the orders of the Admission Judge for the time being.

(*c*) Memoranda of objections filed under Section 561, or Section 567, of the Code of Civil Procedure, shall be admitted by the Registrar, if presented within the time allowed and the proper stamp has been paid.

(*d*) Applications for the admission of Appeals *in forma pauperis* and all other applications shall be placed before the Admission Judge for orders.

(*e*) The Registrar may, in his discretion, submit for orders, any particular Appeal or Memorandum of Objections to the Admission Judge.

20. When an issue is referred for trial and the finding of the Lower Court is returned, a notice will be affixed to the Notice Board of the Court house, and any Memo of Objections against such finding must be put in within a fortnight from the date on which the notice was affixed to the Notice Board.

21. No Appeal or application of a Civil nature will be received during the vacation, except in cases where it is sought to obtain an injunction or an attachment, or to stay proceedings.

22. Application for stay of execution must be separately engrossed on proper stamp and presented for orders. A prayer in that behalf embodied in the Appeal Memorandum will not be attended to.

FINANCE AND COMMERCE DEPARTMENT.

Accounts and Finance (Public Debt) No. 3110, *dated Simla, the* 19*th July* 1897.

THREE-AND-A-HALF PER CENT LOAN.

His Excellency the Right Honorable the Governor General in Council has resolved to borrow three hundred lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of the *Three-and-a-half per cent Loan of* 1854-55, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half per cent. Loan of* 1854-55 will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December ; and the notes are not liable to discharge before the 1st day of August 1904.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 3,00,00,000 will be received by the Comptroller General from this date to noon of Monday, the 16th August next. Tenders must be for sums of 500 Rupees or multiples of 500 Rupees.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half per cent Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE.—Tenders made in accordance with these instructions will also be received by the Accountants General, Madras and Bombay, on account of the Comptroller General, Calcutta, on the 14th August and up to 11-30 or 11 o'clock local time respectively (corresponding with 12 o'clock in Calcutta) on the 16th August, provided that—

(*a*) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them) ;

(*b*) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank ;

(*c*) each tender is for not less than Rs. 10,000 ;

(*d*) that the deposit is either a promissory note or a Treasury Receipt from the Head Office of the local Presidency Bank, or a cheque on a local Bank in Madras or Bombay in favour of the Accountant General, Madras or Bombay, respectively.

(*e*) that the amount of the tender is made payable either in Calcutta, Madras, or Bombay ;

and the Accountant General will return deposits on non-accepted tenders, and will issue allotment-certificates so far as the tenders are payable in Madras or Bombay.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favor of the Comptroller General on a Bank in Calcutta, Madras or Bombay, or (*c*) Government Promissory Notes,[1] standing in the name of or endorsed to the tenderer or the person making the deposit.

[1] It is particularly requested that such Promissory Notes may *not* be endorsed to the Comptroller General.

8. (*a*) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionally in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in even tens of rupees in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Openmg of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 9th August, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Monday, the 16th August next, and those received under the terms of the note under clause 4 will be similarly opened by the Accountant General, Madras, at 11-30 (Madras time), and by the Accountant General, Bombay, at 11 o'clock (Bombay time) on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at the minimum rate and at rates above the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 500.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[2] as soon as possible after the 16th August; and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay.

[2] For tenders received by the Accountant General, Madras or Bombay, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment certificates (after credit of the deposit under clause 8 (*a*)) will be made payable upon the 28th September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:—

Instalment I.—As near as convenient to 35 per cent, but not exceeding 35 per cent., payable upon the 30th August:

Instalment II.—As near as convenient to 35 per cent, but not exceeding 35 per cent, payable

Instalment III.—The balance payable upon the 21st October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

14. Any allotment-certificate will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal or Madras or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 31st December 1897, and he will also receive interest at 3½ per cent, per annum from the dates on which he may have made payment till the 30th of December 1897.

(*b*) Or he may, at his option, by paying interest at the said rate from 30th June 1897 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 30th June 1897.

Read Belur Amildar's report No. 66, dated 5th January last, stating that the musafirkhana at the junction of the Hassan-Chikmagalur and Banavar-Belur roads is of no use to the travelling public after the construction of the bridge across the Yagachi at Belur, and proposing the advisability of constructing a new musafirkhana close to the town with the materials of the said building.

Resolution.—As the building is of no use, the materials or the building as it is may be sold. The question of building a new musafirkhana in a more convenient position may be considered separately.

3. Read Government Official Memo No. 13477—L. F. 159-96, dated 18th instant, drawing attention to Subject No. 236, of the Dasara Representative Assembly Proceedings of October last, in regard to the opening of a road from Kattaya to Halekote.

4. Read Government Official Memo No. 13478—L. F. 159-96, dated 18th June 1897, in regard to the construction of a road from Halkere to Tiptur.

Resolution.—This is a desirable link, and the Executive Engineer may be requested to investigate the question and prepare an estimate

5. Read Government Official Memo No. 13242—Mis. 2627, dated 10th instant, drawing attention to Subject No. 234, of the Dasara Representative Assembly Proceedings of October 1896, regarding the employment of a midwife for the Kattaya hobli, Hassan taluk.

6. Election of members for the ensuing Dasara Representative Assembly.

Resolution.—The following members were elected :—

(1) Mr. J. G. H. Crawford. | (2) Mr. Ramashastri.

7. Read Hassan Taluk Amildar's Report No. 116, dated 27th March 1897, requesting payment of Rs. 157 from the District Funds for adjusting the advance drawn from the Treasury during the year 1891 for expenses connected with the Yoganarasimhaswami temple at Gorur as the charge is debitable to the District Funds as per late Chief Commissioner's Proceedings No. 2991-91—30, dated 2nd August 1880.

Resolved that as the sanctioned allotment under the head "VIII. Refunds" is spent, the advance be adjusted by re-appropriation from the provision under the head "VI. Conservancy and sanitary charges," in the current year's District Fund budget.

8. The President informed the Board that the marginally noted sums drawn as advances and spent on the occasions of certain car festivals or jatras remain unadjusted since a long time, (*vide* statement of advances received from the Comptroller).

		Rs.	a.	p.
1. February 1890.	Conservancy charges on the occasion of the car festival at Mavinkere.	16	13	8
2. July 1891.	Conservancy charges on the occasion of the car festival at Tirupati.	30	0	0
3. July 1892.	do do do	30	0	0
4. June 1893.	do do at Ramnathpur.	28	2	0
		104	15	8

Resolution.—As these charges are rightly debitable to the District Funds, they may be adjusted from the provision under the head "C. Civil charges, VI. Conservancy and sanitary charges" in the current year's District Fund budget of Hassan.

9. Read Executive Engineer's Nos. 1610, 1974 and 2293, dated 3rd May, 26th May and 19th June 1897, respectively, forwarding applications for re-appropriation of budget grant under "Original works and repairs, communication" and stating that if the re-appropriation proposed be sanctioned, the reserve grant for minor works under "Repairs, communication" will be increased by Rs. 4,000 which will meet the demand.

Resolved that sanction of Government be applied for to the re-appropriation proposed

10. Read Arkalgud Hospital Assistant's Report No. 140, dated 23rd instant, forwarding copies of remarks made in the Visitors' Book of the dispensary, and requesting that he may be allowed semi-malnad allowance as therein recommended.

11. Read Government Official Memo No. 13621-8—L. F. 159-96, dated 23rd June 1897, in regard to the printing and distribution of Kanarese translations of Proceedings of Municipal and Local Fund Boards.

Resolved that as almost all the Non-Official Members of the Board are not English knowing men, it is necessary that Kanarese translations of Proceedings should be supplied to them; but as the establishment is insufficient, there being only three hands both for Municipal and District Fund Branches, Government may be requested to sanction an additional hand on Rs. 20 per mensem, the extra cost being met from the Municipal and Local Funds in equal proportions.

12. Read Belur Amildar's Report No. 151, dated 23rd instant, stating that a care-taker for the newly constructed 3rd class travellers' bangalo at Chikanhalli was employed on Rs. 7 per mensem, on 1st May 1897.

Resolution.—Approved.

13. The Executive Engineer proposes that the mileage allotment on the Dudda-Arsikere road should be increased from Rs. 90 to Rs. 150 per mile considering the heavy traffic on the road.

Resolution.—As this is the main railway feeder of the district, the Board is of opinion that the allotment may be enhanced as proposed.

NOTIFICATIONS BY GOVT. OF INDIA, RESIDENT, CHIEF COURT, &c.

FINANCE AND COMMERCE DEPARTMENT.

Accounts and Finance (Public Debt) No. 3110, *dated Simla, the* 19*th July* 1897.

THREE-AND-A-HALF PER CENT LOAN.

His Excellency the Right Honorable the Governor General in Council has resolved to borrow three hundred lakhs of rupees for the public service in the following manner :

2. Promissory Notes will be issued for the said amount in the Form annexed to this Notification, being the form of the notes of the *Three-and-a-half per cent Loan of* 1854-55, of which loan the notes to be now issued will form a part. All the conditions which apply to notes of *the Three-and-a-half per cent Loan of* 1854-55 will apply to the notes to be now issued. The interest on the notes of that loan is payable half-yearly on the 30th day of June and the 31st day of December; and the notes are not liable to discharge before the 1st day of August 1904.

Tenders.

3. Tenders for the whole or any part of the said amount of Rs. 3,00,00,000 will be received by the Comptroller General from this date to noon of Monday, the 16th August next. Tenders must be for sums of 500 Rupees or multiples of 500 Rupees.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a closed cover, superscribed "*Tender for the Three-and-a-half per cent Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom an allotment-certificate may be issued, if any part of the loan is allotted to such tenderer.

NOTE.—Tenders made in accordance with these instructions will also be received by the Accountants General, Madras and Bombay, on account of the Comptroller General, Calcutta, on the 14th August and up to 11-30 or 11 o'clock local time respectively (corresponding with 12 o'clock in Calcutta) on the 16th August, provided that—

(*a*) they are delivered personally or by clerk or messenger at the Accountant General's Office (where a receipt will be given for them);

(*b*) they are made on printed forms, to be obtained at the same office or at the local Presidency Bank;

(*c*) each tender is for not less than Rs. 10,000;

(*d*) that the deposit is either a promissory note or a Treasury Receipt from the Head Office of the local Presidency Bank, or a cheque on a local Bank in Madras or Bombay in favour of the Accountant General, Madras or Bombay, respectively.

(*e*) that the amount of the tender is made payable either in Calcutta, Madras, or Bombay;

and the Accountant General will return deposits on non-accepted tenders, and will issue allotment-certificates so far as the tenders are payable in Madras or Bombay.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favor of the Comptroller General on a Bank in Calcutta, Madras or Bombay, or (*c*) Government Promissory Notes,[1] standing in the name of or endorsed to the tenderer or the person making the deposit.

[1] It is particularly requested that such Promissory Notes may *not* be endorsed to the Comptroller General.

8. (*a*) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionally in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of promissory notes, will be credited as far as possible proportionately in even tens of rupees in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 9th August, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Monday, the 16th August next, and those received under the terms of the note under clause 4 will be similarly opened by the Accountant General, Madras, at 11-30 (Madras time), and by the Accountant General, Bombay, at 11 o'clock (Bombay time) on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at the minimum rate and at rates above the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 500.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[2] as soon as possible after the 16th August; and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay.

[2] For tenders received by the Accountant General, Madras or Bombay, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment certificates (after credit of the deposit under clause 8 (*a*)) will be made payable upon the 28th September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:—

Instalment I.—As near as convenient to 35 per cent, but not exceeding 35 per cent, payable upon the 30th August:

Instalment II.—As near as convenient to 35 per cent, but not exceeding 35 per cent, payable upon the 28th September:

Instalment III.—The balance payable upon the 21st October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

14. Any allotment-certificate will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal or Madras or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 31st December 1897, and he will also receive interest at 3½ per cent, per annum from the dates on which he may have made payment till the 30th of December 1897.

(*b*) Or he may, at his option, by paying interest at the said rate from 30th June 1897 to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 30th June 1897.

B. RAMASWAMI IYER, *Dt. Forest Officer, Kolar Dt.*

Draft Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act:—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this rule shall be either a pass granted by a competent officer under No. 3 of the rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this rule by an officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R :—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing ;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely) :—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass ;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money ; or

in order that any mark, required by law or by these rules to be affixed thereto, may be so affixed.

(*d*) that the deposit is either a Promissory Note or a Treasury Receipt from the Head Office of the local Presidency Bank, or a cheque on a local Bank in Madras or Bombay in favour of the Accountant General, Madras or Bombay, respectively.

(*e*) that the amount of the tender is made payable either in Calcutta, Madras, or Bombay ;

and the Accountant General will return deposits on non-accepted tenders, and will issue allotment-certificates so far as the tenders are payable in Madras or Bombay.

5. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

Deposits.

7. Each tender must be accompanied by a deposit of not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one fiftieth part of the tender. The deposit must be in one of the following forms: (*a*) a receipt for the amount from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or (*b*) a cheque drawn in favor of the Comptroller General on a Bank in Calcutta, Madras or Bombay, or (*c*) Government Promissory Notes,[1] standing in the name of or endorsed to the tenderer or the person making the deposit.

[1] It is particularly requested that such Promissory Notes may *not* be endorsed to the Comptroller General.

8. (*a*) Deposits, not being Promissory Notes, will, in the case of accepted tenders, be credited proportionally in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 16 below from the date of the opening of tenders. When a tender is not accepted in full, the deposits, when they are not in the form of Promissory Notes, will be credited as far as possible proportionately in even tens of rupees in part payment of the allotment-certificates issued in respect of it. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*b*) Promissory Notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

Opening of Tenders.

9. The Governor General in Council reserves the right to declare, on or before the 9th August, the minimum rate at which tenders will be accepted. If not so declared, the said minimum rate will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

10. Tenders will be opened publicly by the Comptroller General at the Treasury Buildings, Calcutta, at noon (Calcutta time), on Monday, the 16th August next, and those received under the terms of the note under clause 4 will be similarly opened by the Accountant General, Madras, at 11-30 (Madras time), and by the Accountant General, Bombay, at 11 o'clock (Bombay time) on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 12.

11. Tenders at the minimum rate and at rates above the minimum rate will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate in proportion, as nearly as may be found convenient, to the amounts of their tenders; provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 500.

Allotment-Certificates.

12. To each tenderer (or to his agent) whose tender is accepted in whole or in part such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller General[2] as soon as possible after the 16th August; and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted for general information at the Head Offices of the Banks of Bengal, Madras, and Bombay.

[2] For tenders received by the Accountant General, Madras or Bombay, and payable at those places, the Accountant General will issue the allotment-certificates.

13. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment certificates (after credit of the deposit under clause 8 (*a*)) will be made payable upon the 28th September.

Otherwise the whole amount of each allotment will be divided into three instalments as follows:—

Instalment I—As near as convenient to 35 per cent, but not exceeding 35 per cent, payable upon the 30th August:

Instalment II.—As near as convenient to 35 per cent, but not exceeding 35 per cent, payable upon the 28th September:

Instalment III.—The balance payable upon the 21st October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

14. Any allotment-certificate will, on application to the Comptroller General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations; provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

15. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal or Madras or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

Issue of Promissory Notes.

16. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, Promissory Notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 31st December 1897, and he will also receive interest at 3½ per cent, per annum, from the dates on which he may have made payment till the 30th of December 1897.

(*b*) Or he may, at his option, by paying interest at the said rate from 30th June 1897 to the dates on which he may have made payment, obtain Promissory Notes as above, bearing interest from 30th June 1897.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this rule shall be either a pass granted by a competent officer under No. 3 of the rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this rule by an officer belonging to any of the classes mentioned below :—

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R :—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing ;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass ;

The following rules for regulating the fees payable in respect of an adversary's Advocate or Pleader in the Chief Court of Mysore and in the Civil Courts subordinate thereto, framed under Section 22 of the Mysore Legal Practitioners' Regulation III of 1884, are issued with the sanction of Government, in supersession of the rules contained in Civil Rules of Practice Nos. 20 and 23, dated 23rd July and 19th September 1879, respectively.

1. The sums to be entered in the Decrees of the Courts under the denomination of costs, as payable on account of fees of Advocates and Pleaders, shall, *unless the Court declare otherwise in its Judgment*, be calculated at the following rates :—

(1) On account of Plaintiff's Advocate or Pleader, if the amount or value of the property, debt or damages decreed, shall not exceed Rs. 5,000, at 5 per cent on the amount or value decreed.

(*b*) In cases undefended, one-half only of the fee calculated at the above rates shall be allowed.

2. On account of Defendant's Advocate or Pleader, the same rates as those specified above shall be allowed ; but the calculation shall be, where the suit is dismissed, on the amount at which the suit is valued in the plaint ; or where the suit is partly decreed, on the difference between the amount decreed and the amount of valuation.

3. The valuation of suits shall be determined according to the rules laid down in the Court Fees Act.

4. If in the opinion of the Court the questions in issue in any case are such that the labor or skill of the Advocate or Pleader would be inadequately remunerated by a fee calculated on the above scale, and also in suits where it is not possible to estimate at a money value the subject matter in dispute, and in Miscellaneous and Insolvency Proceedings, the Court may, for reasons to be recorded in its Judgment, award —

in a suit in the Chief Court, any sum not exceeding	..	Rs. 160
Do in the District or Sub-Judge's Court	..	„ 50

8. The amount to be allowed on account of Advocate's and Pleader's fees in appeals, shall be calculated on the same scale as in original suits, and the principles of the above rules as to original suits shall be applied as nearly as may be to appeals.

Draft Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act:—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this rule shall be either a pass granted by a competent officer under No. 3 of the rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this rule by an officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R :—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing,

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 5 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.--The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these rules to be affixed thereto, may be so affixed.

Civil Side,

Rule of Practice No. 91, *dated 2nd August* 1897.

The following rules for regulating the fees payable in respect of an adversary's Advocate or Pleader in the Chief Court of Mysore and in the Civil Courts subordinate thereto, framed under Section 22 of the Mysore Legal Practitioners' Regulation III of 1884, are issued with the sanction of Government, in supersession of the rules contained in Civil Rules of Practice Nos. 20 and 23, dated 23rd July and 19th September 1879, respectively.

1. The sums to be entered in the Decrees of the Courts under the denomination of costs, as payable on account of fees of Advocates and Pleaders, shall, *unless the Court declare otherwise in its Judgment*, be calculated at the following rates :—

(1) On account of Plaintiff's Advocate or Pleader, if the amount or value of the property, debt or damages decreed, shall not exceed Rs. 5,000, at 5 per cent on the amount or value decreed.

(2) If the amount or value shall exceed Rs. 5,000 and not exceed Rs. 20,000, on Rs. 5,000 at 5 per cent, and on the remainder at 2 per cent.

(*b*) In cases undefended, one-half only of the fee calculated at the above rates shall be allowed.

2. On account of Defendant's Advocate or Pleader, the same rates as those specified above shall be allowed ; but the calculation shall be, where the suit is dismissed, on the amount at which the suit is valued in the plaint ; or where the suit is partly decreed, on the difference between the amount decreed and the amount of valuation.

3. The valuation of suits shall be determined according to the rules laid down in the Court Fees Act.

4. If in the opinion of the Court the questions in issue in any case are such that the labor or skill of the Advocate or Pleader would be inadequately remunerated by a fee calculated on the above scale, and also in suits where it is not possible to estimate at a money value the subject matter in dispute, and in Miscellaneous and Insolvency Proceedings, the Court may, for reasons to be recorded in its Judgment, award —

in a suit in the Chief Court, any sum not exceeding	..	Rs.	160
Do in the District or Sub-Judge's Court	..	„	50

Do	District or Sub-Judge's Court	..	.. „	10
Do	Munsiff's Court	..	.. „	4

7. In a case where there are several defendants, not more than one Advocate's or Pleader's fee shall be allowed, except in respect of a separate defence set up by a defendant who has a separate interest.

8. The amount to be allowed on account of Advocate's and Pleader's fees in appeals, shall be calculated on the same scale as in original suits, and the principles of the above rules as to original suits shall be applied as nearly as may be to appeals.

Rule of Practice No. 92, *dated* 19*th August* 1897.

Under Section 22 of the Mysore Civil Courts Regulation 1883, the Chief Court will, from time to time, notify the dates when the Courts of the District Judges, Sub-Judges and Munsiffs, will be closed for the Annual Recess.

2. Before the Courts are closed, the District Judges will intimate to the Chief Court that all reports and returns due have been forwarded. The Subordinate Judges and Munsiffs will certify to the District Judge that no returns or report, &c., which may be due are outstanding.

3. The occurrence of the adjournment cannot be accepted as an explanation for the non-submission of statistical or other information called for by the Chief Court or by any competent authority.

4. Each Court will be required before the Recess begins to certify to the Chief Court that all monies in the hands of the Nazir have been paid into the Government Treasury. The Judge of each Court will be held responsible in the matter.

5. Arrangements should be made—

6. During the adjournment of a Court, the Judge is at liberty to hear and determine any suit or matter which both parties may be willing that he should so hear and determine.

7. As Courts during the Recess will be completely closed, except for the purposes noted in paras 5 and 6, plaints, petitions and appeals will not be received during the Recess All plaints, petitions and appeals which, but for the closing of the Courts, would properly be filed during the Recess should be filed on the day the Court re-opens.

8. These Rules supersede all previous Circular Orders and instructions on the subject.

FOREST DEPARTMENT.

Draft Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act:—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this rule shall be either a pass granted by a competent officer under No. 3 of the rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this rule by an officer belonging to any of the classes mentioned below:—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing,

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 5 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.--The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely) :—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass ;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money ; or

in order that any mark, required by law or by these rules to be affixed thereto, may be so affixed.

INSTRUCTIONS FOR COLLECTING WATER FOR BACTERIOLOGICAL ANALYSIS.

1. Collect the water for analysis only in the sterilized bottles supplied to you.
2. In taking a sample from tanks or reservoirs the bottle should be submerged with its stopper and the stopper withdrawn 12 inches or more below the surface of the water. After the bottle is quite full re-place the stopper before withdrawing the bottle from the water.
3. In taking a sample from a service pipe, the water should be allowed to run to waste for five minutes. Then remove the stopper holding it by its head and dont allow that portion of the stopper which fits into the neck of the bottle to come into contact with any thing while the bottle is being filled. Then re-place the stopper without any delay.
4. Label on each bottle the source from which the water is taken.

INSTRUCTIONS FOR COLLECTING AND MAKING A BACTERIOLOGICAL EXAMINATION OF WATER.

1. Take a glass-stoppered bottle of 3 or 4 oz. capacity and sterilize it by boiling in a vessel of water for ½ an hour. While withdrawing the bottle from the water do not allow the fingers to come into contact with the mouth of the bottle.
2. In taking samples from streams, tanks or reservoirs the bottle should be submerged and the stopper withdrawn 12 inches or more below the surface of the water. When the bottle is quite full re-place the stopper before withdrawing the bottle from the water.
3. In collecting water from a service pipe allow the water to run to waste for five minutes and then fill the bottle with water and re-place the stopper at once. See that the stopper does not come into contact with any thing while the bottle is being filled.
4. Test the water within an hour or two of collection.
5. Place as many Agar tubes as you are going to use with their cotton wool plugs slightly pulled out by means of a pair of forceps, in a tin vessel containing some water, and boil the water by a spirit lamp.
6. After the Agar has melted, heat the whole pipette in the flame of a spirit lamp and keep blowing from the rubber tube attached to it.
7. Take an Agar tube in your left hand, hold it with the thumb ring and little fingers. Wait till the Agar is just sufficiently warm to be borne by the hand without discomfort; take out stopper from the bottle of water plunge the point of the pipette under the surface of the water and suck up water up to ½ cubic centimeter mark; catch hold of the protruding plug of cotton wool between the index and middle fingers and pull it out of the tube; insert the tip of the pipette into the mouth of the test tube; blow the water out of the pipette into the Agar withdraw the pipette and re-place the cotton wool plug in position.
8. Roll the Agar tube between the fingers to ensure the proper admixture of water with the Agar. Then lay the tube down on a table and allow the Agar to set in a horizontal position.
9. Attach a label on that part of the test tube which holds the cotton wool plug stating the date, source and the amount of the water used.
10. As a rule two samples of water should be tested; one of unfiltered water from the settling tank, the other of filtered water from the reservoir or service pipe.
11. Sterilize the pipette each time that it is used and also after the final test.
12. When the Agar tubes have fairly set, pack them up in a small deal wood case with plenty of cotton and send the parcel by post to the Laboratory at Bangalore.
13. When sending substances, e. g., water, vomitted or purged matter, soiled earth, soiled linen, &c., for specific bacteriological examination use a wide mouthed stoppered bottle well cleaned and sterilized as described above.
14. Tie a clean piece of cloth round the mouth of the bottle secured with a string and put a seal over the knot. No saw dust or other packing material should be kept over the stopper.

INSTRUCTIONS FOR COLLECTING SAMPLES OF WATER FOR CHEMICAL ANALYSIS.

1. Use a Winchester bottle with glass stopper, having a capacity of half a gallon. If such bottles cannot be had take four pint bottles with glass stoppers. If glass stoppers cannot be procured use *new* well fitting corks. Never use old dirty corks.

2. The bottles should be first cleaned with a little hydrochloric or sulphuric acid and then rinsed out with distilled water or with the water to be examined at least three times.

3. In taking samples from streams, tanks or reservoirs the bottle should be submerged with its stopper and the stopper withdrawn 12 inches or more below the surface of the water. After the bottle is quite-full re-place the stopper before withdrawing the bottle from the water. Pour off just sufficient water so that a little air space is left under the stopper.

4. No saw dust or other packing material should be kept over the stopper. Prior to packing, a clean piece of cloth should be tied round the mouth of the bottle secured with string and sealed over the knot.

OFFICE OF THE COMR. FOR GOVT. EXAMINATIONS, E. H. ELLIOT,

FOREST DEPARTMENT.

Draft Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this rule shall be either a pass granted by a competent officer under No. 3 of the rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this rule by an officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

† Memo by L. R :—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of that

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing,

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.--The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these rules to be affixed thereto, may be so affixed.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency, except within the limits of a Reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

---

* The following rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some officer or other person whose name or official designation has been duly registered in the said office as an officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing,

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these rules to be affixed thereto, may be so affixed.

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

The Board observe that this road is in urgent need of improvement, but regret that their representation to Government for metalling it from Provincial Funds did not meet with approval. They therefore resolve that out of the annual allotment for maintenance, the worst portions of the road be metalled instead of being gravelled as at present.

2. Read Executive Engineer's docket No. 353 of 26th May 1897, forwarding for approval an estimate for Rs. 833 for special repairs of Hagalvadi-Chelur road and for allotment of funds.

Resolved that an estimate be prepared for improving the cart-track from Hagalvadi to Bukkapatna; that a cart-track from Ankasandra to Hagalvadi is not necessary; that a cart-track from Hagalvadi to Yeladabagi is not practicable; and that the cart-track from Hagalvadi to Chikanayakanhalli, which has already been undertaken, be pushed on.

Resolved that an estimate be prepared for improving the present cart-track.

The non-official members have selected Messrs. Ramadasappa and Chikkanna Chetty to represent the District Fund Board at the Dasara Representative Assembly to be held in Mysore in October next.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

1. Mr. Srinivasatatachar.

1. Read Secretary's Official Memorandum No. 1844—L. F. 159-96, dated the 18th June 1897, drawing the attention of the President of the District Fund Board to Subject No. 258, (opening a road from Koratagere to Anjaneyaswami temple at Kyamenahalli) and requesting to place the matter before the Board and to submit the views of the Board with his opinion thereon for the orders of Government.

The Board observe that there is a cart-track from Koratagere to Holavanahalli and Kyamenahalli is only a mile from the latter village. The Board consider that if the said cart-track be improved, it will be sufficient to meet the requirements of the people resorting to the jatra at Kyamenahalli once a year. It is accordingly resolved that no separate road from Koratagere to Kyamenahalli is required for the present.

2. Read Government Proceedings No. 11809-20—L. F. 255-96, dated the 29th April 1897, sanctioning the District Fund budget estimates of the Tumkur circle for 1897-98.

Recorded with a resolution that a copy of the budget be furnished to each of the non-official members of the Board for information.

3. Read Government Proceedings No. 13938-46—L. F. 320-96, dated 30th June 1897, sanctioning temporarily for one year, with effect from 1st July 1897, the employment of mestris or Work Inspectors for the supervision of works undertaken by the Revenue Department from District and Municipal Funds.

The Board recommended the permanent employment in each taluk and sub-taluk of a mestri on Rs. 15+5 with a peon on Rs. 6 to supervise District Fund, municipal and other works. The probable annual outlay on District Funds, Local Funds General and municipal works which these mestris will be required to supervise is shown below :--

	Rs.
District Funds..	8,500
Local Funds General	10,000
Municipal	15,000
Total	33,500

To this may be added about Rs. 1,000 spent on civil buildings under the charge of Revenue officers. This gives a total probable annual expenditure of Rs. 34,500. Ten per cent of which amounting to Rs. 3,450, will suffice to cover the cost of the proposed supervising establishment.

4. The following Proceedings of Government were read and recorded :—

(1) Government Proceedings No. 13699-707—L. F. 344-96, dated 26th June 1897, sanctioning the grant of five scholarships tenable for three years for training in native medical treatment in the Indigenous Hospital at Mysore.

(2) Government Proceedings No. 829-39—L. F. 96-96, dated 17th July 1897, reviewing the Administration Report of the District Funds of the Tumkur Local Fund Circle for 1895-96

(3) Government Proceedings No. 13527-34—L. F. 275-92, dated 19th June 1897, observing that under the existing rules all Assistant Commissioners placed in charge of one or more taluks or sub-division of a district should be regarded as *ex-officio* members of District Fund Boards and that the Deputy Amildars cannot be regarded as members.

(4) Government Proceedings No. 554-62—L. F. 96-96, dated 13th July 1897, directing that statistical and other information regarding schools for primary education maintained from 24 per cent of the local cess be embodied in future District Fund Administration Reports.

(5) Read dockets Nos. 52—L. F., 215—L. F. and 295—L. F., dated 8th July and 7th August 1897, respectively, from Comptroller requesting to obtain sanction of the Board to meet the excess expenditure of Rs. 46-15-4, incurred on account of commission to pound-keepers in May and Rs. 15-10-7 and Rs. 13-7-5 in June 1897, respectively, out of some available grant in the District Fund budget of Tumkur for 1896-97.

Resolved that excess expenditure of Rs. 76-1-4 be sanctioned to be met out of the available balance under X. Miscellaneous (4) "Destruction of cover for snakes" in the District Fund budget estimates for 1896-97.

6. Read Executive Engineer's docket No. 533, dated 31st March 1897, forwarding an estimate for Rs. 5,068 received from the Overseer in charge of No. I sub-division for coating with metal the worst furlongs of the Tumkur-Maddur road.

Read also Executive Engineer's docket No. 455 of the 6th July 1897, forwarding copy of Superintending Engineer's Inspection Note and an estimate for Rs. 11,782 for metalling the 1st 6 miles of the above road and for building four tunnels in the 10th mile.

And lastly his docket No. 541 of the 17th August 1897, forwarding copy of Chief Engineer's No. 2895, dated 1st July 1897, requesting to have an estimate prepared for metalling the road from Tumkur to Kunigal after ascertaining that the District Funds are really inadequate to meet the charge.

The Board are unanimously of opinion that the funds at their disposal are inadequate to meet any portion of the cost of metalling the road which the Executive Engineer estimates at more than Rs. 30,000 and they repeat their request that the work may be executed from Provincial Funds and the road handed over to the District Funds for up-keep. In the interest of the heavy traffic on the road, the Board hope that the Chief Engineer will be pleased to accord early sanction to the estimate which the Executive Engineer has been asked to prepare. The Board further observe that the road was a provincial one before its transfer to District Funds about the year 1881-82.

7. Read Executive Engineer's docket No 435, dated 29th June 1897, forwarding 11 estimates for works required to the musafirkhanas at Nonavinkere. Nagalmadike, Kibbanahalli, Chelur, Bellavi, Baichapura, Doddaguni, Yeladahagi, Kunigal, Chiknayakanhalli and Banasandra.

Resolved that the following seven estimates for white and color-washing the buildings, flooring with concrete and for providing a stone mortar in the kitchens amounting to Rs. 1,015 be

sanctioned and the cost met out the current year's budget provision under repairs of musafirkhanas and "Reserve" for works to be done by Revenue officers :—

		Rs.
(1)	Nonavinkere for	154
(2)	Kibbanahalli for	198
(3)	Chelur for	116
(4)	Bellavi for	116
(5)	Doddaguni for	116
(6)	Chiknayakanhalli for	199
(7)	Banasandra for	116
	Total ..	1,015

8. Read Superintending Engineer's No. 44, dated 15th July 1897, forwarding for information and guidance copy of Chief Engineer's docket No. 2955 of 5th July 1897 to his address with a Type Plan for 1st class musafirkhanas showing modifications to be adopted in cases where the lean to shed is required.

Recorded. It is understood that the cost of musafirkhanas is met from Provincial Funds in other districts. If this be so, the Government should be addressed to extend the rule to this district also.

9. Read Revd. Ree's letter, dated 5th June 1897, requesting that the land in Survey No. 26, required for the road to the village of Devaruru in the Tumkur taluk may be acquired by Government and assigned for the purpose of a road which he undertakes to open at his own cost.

Resolved that Rs. 11-4-0, being compensation required for the land in question be sanctioned, and the amount met out of B. V. Reserve for works to be done by Revenue officers in the District Fund budget for the current year.

10. Resolved that the provision of Rs. 1,500 under the head "Village sanitation" major head "VI Conservancy and sanitary charges" be distributed as follows :—

	Rs.
To each taluk at Rs. 120 each	960
To each sub-taluk „ 80 each	240
Total	1,200

and the Amildars and Deputy Amildars be requested to submit estimates for the works which they consider most needed to improve the sanitation of the larger non-municipal villages in their taluks and sub-taluks.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

The 20th September 1897.

The following notification as now amended is republished for information :—

Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

---

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this Rule shall be either a pass granted by a competent Officer under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

Mamlatdars, Head Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such ower, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

The 20th September 1897.

The following notification as now amended is republished for information :—

Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 3.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

---

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this Rule shall be either a pass granted by a competent Officer under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

Mamlatdars, Head-Karkuns, General Duty Karkuns, Talatis, Kul Karnis, Mahalkaris.

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber or other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

† Memo by L. R:—Land which is declared to be a reserved or protected-forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

The 20th September 1897.

The following notification as now amended is republished for information :—

Notification, dated 31st July 1897.

The following extract from the Transit Rules in force in the Bombay Presidency, as framed under Section 41 of the Indian Forest Act, 1878, (as amended by Act V of 1890) is published for the information of the exporters of forest produce from Mysore into North Kanara and Dharwar Districts of the Southern Circle of the Bombay Presidency.

Rule 5.*—No timber or other forest produce shall be moved within any district of the Bombay Presidency except within the limits of a reserved Forest (whether a village forest or not) or of a protected forest,

and, except as is hereinafter otherwise provided, no timber or other forest produce shall be moved from or into any such district,

without a pass from a Conservator of Forests, or from some Officer, empowered by a Conservator of Forests, or from some person duly authorized under Rule 13 to issue such pass, or otherwise than in accordance with the conditions of such pass :

Provided that nothing in this Rule shall be deemed—

(*a*) to apply to timber or forest produce which is the property of Government, or

---

* The following Rule has been made under Section 157, clause (*c*) of the Sea Customs Act :—

No timber, firewood, bamboos, myrabolams and shikakai shipped at any place declared under Section 12 of the Sea Customs Act, 1878, to be a port or at any Customs port, except the port of Bombay and the ports in Sind and in the Districts of Ahmedabad, Kaira and Broach, may be carried in a coasting vessel ;

(*a*) unless at the time of shipment the shipper appends to his shipping bill a pass in one or other of the forms hereinafter mentioned covering such timber, firewood, bamboos, myrabolams and shikakai ; nor

(*b*) until the Customs Collector at the port of shipment shall have certified by endorsement on the Shipping Bill that a pass as aforesaid has been produced before him and cancelled by him.

The pass required by this Rule shall be either a pass granted by a competent Officer under No. 3 of the Rules framed by Government under Section 41 of the Indian Forest Act, 1878, and published at page 689 of the Bombay Government Gazette for 1880, Part I, or a pass granted for the purpose of this Rule by an Officer belonging to any of the classes mentioned below :—

(Notification No. 5421, Bombay Government Gazette, 1884, page 500, and Notification No. 941, Bombay Government Gazette, 1885, page 144.)

(*b*) to apply to timber or other forest produce, the property of one person, or the joint property of two or more persons, which is conveyed in quantities not exceeding one head load once in twenty-four hours, or

†(*c*) to require a pass for the removal of any timber or other forest produce within the limits of the village in which it was produced.

Rule 5.—In the case of timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, no pass shall be issued under Rule 3 unless upon production of a "Foreign Pass" covering such timber or other forest produce, nor, if such timber be of large scantling, unless it bears a foreign property-mark.

Rule 6.—Every such foreign pass must be in a form, and every such foreign property-mark must be of a description, which has been registered in the office of the Conservator of Forests of the Division into which it is sought to import such timber, or forest produce, and such foreign pass must bear the signature of some Officer or other person whose name or official designation has been duly registered in the said office as an Officer or person duly authorized to sign such passes.

Rule 7.—Any timber or other forest produce which it is wished to import otherwise than by sea from any place beyond the frontier of British India, may be conveyed within such frontier by any of the routes named in Appendix A or by such routes as may be prescribed by the Conservator of Forests or by any Officer of Government authorized by him in that behalf as far as the first depôt on such route established under Rule 15, without a pass under Rule 3, if it is covered by a foreign pass in proper form and duly signed, and if, in the case of timber of large scantling, it is marked with a registered foreign property-mark, but not otherwise.

No such timber or forest produce shall be stocked or deposited in any place between the frontier and such depôt, or be moved beyond such depôt, without a pass issued under the said Rule.

Rule 8.—If the Conservator of Forests of the Division shall so direct, no timber of large scantling, which has been imported as aforesaid by any particular route, shall be moved beyond such first depôt without first having a Government transit mark of such description as the said Conservator shall prescribe stamped upon it.

Rule 13.—The Conservator of Forests may, if he thinks fit, at any time, by an order in writing;

(*a*) Authorize any person who is an owner of timber or other forest produce, or the agent of any such owner, to issue passes under Rule 3 in respect of any timber or other forest produce which belongs to such person, or to the person for whom such person is agent, and

(*b*) Cancel such authorization.

When the Conservator of Forests authorizes any person under clause (*a*) of this Rule he shall furnish such person from time to time with authenticated books of blank printed forms of passes with the particulars required by clauses (4) and (5) of Rule 4 already filled in, and no alteration shall be made by such person in any of the said particulars, or if made, shall have any validity.

The said person shall pay for each such book such sum as shall from time to time be determined by the Conservator of Forests, and in the event of an order being passed by the Conservator of Forests under clause (*b*) of this Rule, shall at once return to the said Conservator of Forests every unused book and every unused portion of any such book then remaining in his possession, and shall be entitled to receive back the amount paid by him in respect of such unused book or portion of a book.

No pass issued by any such person after the issue of an order under clause (*b*) of this Rule, and no pass issued by him which is not on a form supplied to him as aforesaid, shall have any validity.

Rule 15.—The Conservator of Forests may establish at such convenient places as he shall think fit, on the routes by which timber or other forest produce may lawfully be conveyed, depôts to which such timber of other produce shall be taken for all or any of the following purposes (namely):—

for examination previous to the grant of a pass in respect thereof under Rule 3 or under Rule 13, or private pass;

for determining the amount of money, if any, payable on account thereof to Government and for the payment of such money; or

in order that any mark, required by law or by these Rules to be affixed thereto, may be so affixed.

---

† Memo by L. R:—Land which is declared to be a reserved or protected forest does not cease to form part of the village in which it was originally situated merely because it becomes a forest. I think, therefore, that proviso (*c*) to No. 3 of the Rules under Section 41 of the Forest Act dispenses with the necessity of a pass for timber taken from a reserved or protected forest to any other part of the same village in which such forest is situated. (G. R. No. 3806 of 26th May 1886, R. D.)

Fellings shall be made compartment by compartment from one end of the plantation to the other and in such order as may be laid down by the District Forest Officer. For every green tree unauthorizedly felled or wantonly damaged the contractor shall pay a fine of Rs. 5.

(*b*) The trees should be sawn as far as possible to the ground level and be billeted into lengths of 2-4 feet and stacked into rectangular heaps measuring 17 feet long, 4 feet broad and 5 feet high. The refuse fuel shall be stored in heaps of 10 feet × 5 feet × 5 feet. Both the billet and refuse fuel shall be stacked separately in the block and compartment lines inside the plantation and nowhere else.

(*c*) When the trees marked by the Department are felled and all the available fuel is stacked properly, in the manner indicated above, the fuel will be measured by the District Forest Officer or by such other Officer of the Forest Department as may be deputed by him, and a letter of advise for the payment of the value of the same at the rates agreed upon will be issued on the Malur Taluk Treasury. The amount therein specified shall be paid in three days and Treasury receipt therefor be produced before the District Forest Officer without any delay, failing which the earnest money originally paid shall be forfeited to Government, the contractor shall lose his claim over the fuel cut and stacked at his expense, and the Forest Department shall be at liberty to dispose off the same in such manner as they may deem fit.

(*d*) On producing the Treasury receipt before the District Forest Officer, the purchaser will obtain a license for removing the fuel from the plantation.

(*e*) All trees marked by the department in the Vakkaleri plantation shall be felled, stacked, paid for and removed before the end of January 1898, and those in the other plantations before the end of December 1897.

(*f*) The purchaser will make his own arrangements for watching his fuel and the Government is not bound to make good any loss which may originate from fire or any other cause.

Non-Official Members.

PRESENT.

1. Mr. Kalasapur Tammaiya. | 4. Mr. Ramasastri.
2. ,, Banavar Venkatesaiya. | 5. ,, Muhammad Ghaus Sahib
3. ,, Venkatsubbaiya, Inamdar. |

ABSENT.

1. Mr. J. G. H. Crawford. | 2. Mr. Konanur Venkatramaiya.

Note.—The Deputy Amildar of Alur was also present.

1. Read statement showing outlay on works executed by the Revenue Department from the District Funds during the year 1896-97.

Resolution.—Recorded.

2. Read statement showing outlay on works undertaken from Local Fund General during the year 1896-97.

Resolution.—Recorded.

3. Read list of incomplete works under District Funds requiring appropriation for 1897-98.

Resolution.—Funds be provided for by submitting a supplemental budget to Government.

4. Read list of incomplete works under Local Fund General requiring appropriation during 1897-98.

Resolved that sanction of Government be applied for for a grant of Rs. 20,000 from Local Fund General to enable the President to arrange for the completion of the works of previous years shown in the list and to meet the cost of several new works to be undertaken this year.

5. Read Government Proceedings No. 13699-707—L. F. 344-96, dated 25th June last, sanctioning from the District Funds of the Mysore Circle, the grant of five scholarships tenable for three years for training in native medical treatment in the Indigenous Hospital at Mysore.

Resolved that two young men may be selected and sent from this district on similar conditions.

6. Read Manjarabad Sub-Assistant Engineer's report, dated 7th ultimo, on the inspection of the Marnahalli-Kadamane road (received with Executive Engineer's docket No. 2507, dated 7th July 1897), stating that it would be waste of money to restore and maintain the road at Government cost.

Read also Resolution III of the Board, dated 28th April 1894.

Resolution.—The Executive Engineer says that he has not personally inspected the road and that he is therefore unable to say whether it is desirable to take up the road or make any grant for annual repairs.

The Board is therefore of opinion that the matter should stand over till the Executive Engineer inspects it and gives his opinion, since it has been previously decided that its repair cannot be taken up annually and that the grant of Rs. 300 referred to by the Board in their Resolution No. III, dated 28th April 1894, and paid in June 1896, was simply for constructing a bridge and restoring the track to a fairly trafficable condition.

7. Read Executive Engineer's docket No. 2725, dated 29th July 1897, proposing the advisability of maintaining the musafirkhana at Belur instead of selling it.

Read also Resolution No. 2, dated 26th June last.

Resolved, after much discussion, that the materials or the building, as it is, be sold, as originally resolved.

8. Read letter from Mr. J. G. H. Crawford, dated 28th July 1897, regretting his inability to go to Mysore to attend the ensuing Dasara Representative Assembly.

Resolution.—Mr. Tammaiya is selected instead by the non-official members present.

9. Read Executive Engineer's docket No. 2888, dated 11th instant, stating that an excess of Rs. 1,312 was incurred on the annual repairs of Manjarabad-Subramanya road during 1896-97, as the heavy damage, suffered by the road during the last year's monsoons, had to be made good and that the excess expenditure may be met from savings on the budget.

Resolved that sanction of Government be applied for to the excess being met from the savings under the head "Public Works to be executed by Revenue Officers, I. Original Works" in the last year's District Fund budget.

10. Read Executive Engineer's docket No. 2922, dated 16th instant, stating that the extention of 4 miles of Aiyahalli-Yeslúrpett road (*i. e.*, from Yeslúr to Chengadihalli) was omitted to be provided for in the preliminary issue of budget for 1897-98, for annual repairs, and that the grant may therefore be raised from Rs. 1,125 to Rs. 1,425.

Resolved that funds be provided for in a supplemental budget.

11. Read Arkalgud Amildar's report No. 1—Muzrai, dated 6th July 1897, stating that at Ramnathpur four jatras are held every year and that there will be large gatherings on the occasions. Besides, the place is much frequented by pilgrims and it contains one Government Chattram and a private Dharmasala which are quite insufficient to accommodate the number of persons expected on the occasions. The Amildar, therefore, represents the necessity for additional accommodation.

Resolution.—As no single chattram can accommodate thousands of pilgrims, temporary sheds may be built for the occasions.

12. Read Channarayapatna Amildar's report No. 249, dated 18th instant, submitting the following proposals :—

(1) The Amildar states that the appointment of a care-taker for the newly constructed musafirkhana at Srinivaspur is necessary.

Resolution.—The appointment of a care-taker is not necessary, as the Executive Engineer consents to take the building in the place of an Inspection Lodge, without detriment to public use, it being placed in charge of one of the Sowdies of the North Channel, Sri Ram Devar Dam.

(2) The road on the tank bunds near Jainvara and Sravanabelagola is not broad enough and it is therefore necessary to construct parapets on the tank side of the road to prevent danger to traffic passing over the road.

Resolution.—The question be referred to the Executive Engineer for the needful being done as he promises to see this, a reference being pending with him.

13. Read statement of works proposed to be undertaken, received from the Amildar of Hassan.

Resolution.—Of the works proposed, the following were approved :—

	Rs.
(1) Improving the pond at Heragu	400
(2) Sinking a well at Mendagere	300
(3) Sinking a well at Naganahalli	400
(4) Constructing tunnels on the road from Hassan to Halvagalkatte ..	500
(5) Repairing the road from the 115th mile, 2nd furlong of the Bangalore-Mangalore road to the Basetti Koppal	300
(6) Constructing a tunnel of 2 vents near Gownhalli	300

14. Read statement of works proposed by the Amildar of the Holé-Narsipur.

Resolution.—The following works may be undertaken :—

(1) Converting the old Anche house at Yedegowdanahalli into an accommodation for travellers	250
(2) Improving the pond at Aichanhalli	500
(3) Opening a road from Yelval-Hassan road near Sirage Tope .. to join with Holé-Narsipur-Halli Mysore road ..	100

15. Read Manjarabad Amildar's report No. 46, dated 15th instant, representing the necessity for the employment of two sweepers for Yeslur on Rs. 7 each per mensem, instead of the one on Rs. 5 sanctioned, and for constructing an Inspection Lodge there, &c.

Resolved that sanction of Government may be applied for to the employment of the proposed sweepers and that the question of constructing an Inspection Lodge be referred to the Executive Engineer.

16. Resolved that it is desirable to complete the Hassan-Halebide road which is partly made, as there is good deal of traffic and is also advantageous for administrative purposes and that the Public Works Department should be addressed on the subject.

17. Proposed by the Amildar of Channarayapatna that a road from Hiresave to Nonavinkere *viâ* Didaga will be a good Railway feeder and that it should therefore be undertaken as early as possible.

Resolution.—As the road proposed passes also through the Tumkur district, the Deputy Commissioner of that district should be requested if he could arrange to make the road in his district. In the meantime, the Executive Engineer should be requested to investigate the question and frame an estimate.

18. The following papers were read for the information of the Board :—

(1) Government Proceedings No. 13938-46—L. F. 320-96, dated 30th June last, sanctioning temporarily for one year, the employment of Mestris or Work Inspectors.

(2) Government Order No. 554-62—L. F. 96-96, dated 13th July last, directing that statistical and other information regarding schools for primary education, maintained from 24 per cent of the local cess, be embodied in future District Fund Administration Reports.

(3) Government Order No. 659-49—L. F. 96-96, dated 14th July 1897, reviewing the Report on the Administration of the District Funds of the Hassan Circle for 1895-96.

(4) Manjarabad Amildar's report No. 49, dated 20th instant, stating his inability to attend the meeting.

Resolution.—Recorded.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

READ :—

1. Proceedings of the last District Fund Board meeting held on the 28th July 1897.

Read and confirmed.

2. The Executive Engineer's letter, dated 6th August 1897, proposing to address the Government to relieve the Board of the obligation to provide funds for the construction of musafirkhanas, owing to the limited resources of the District Funds of the Kadur circle; and to sanction the cost of such buildings from Provincial Funds.

The Board recommend that in view of the many calls on the funds of the Kadur District Fund Board, the Government be addressed and asked to sanction the construction of such musafirkhanas as are situated on provincial roads out of Provincial Funds.

3. The Executive Engineer's reply with reference to resolution No. 27, of the District Fund Board meeting of the 28th July 1897, suggesting that the proposed extension from Mr. S. N. Chokkanna's road to join the Chikmagalur-Yedahalli road near Mallandur would form a link of considerable local value, though not of any importance, that such extensions may be treated as belonging to the class of "Estate roads" and the petitioners be required to open the road themselves under assurance of a grant-in-aid from Government towards the maintenance when the extension road is completed and thrown open to public traffic, and that a grant-in-aid towards the maintenance of Mr. S. N. Chokkanna's (*alias* Tirumalachar) road be sanctioned.

The Board are of opinion that the road will be a useful one, and that in consideration of its usefulness, the usual maintenance allotment, *viz.*, Rs. 30 a mile may be made for the portion already opened out, as also for the extension to or towards Mallandur when the latter has been opened out.

4. G. O. No. 13527-34--L. F. 275-92, dated 19th June 1897, observing that under the existing rules all Assistant Commissioners placed in charge of one or more taluks or sub-division of a district, should be regarded as *ex-officio* members of the District Fund Board, &c.

Read and noted, with the observation that the expression, "Besides the Assistant Commissioner at district head-quarters" appears to include the case of the Treasury Assistant Commissioner.

5. Proposition No. 30, (*a*) of the Dasara Subjects, by the Representative members of the Koppa taluk, requesting construction of a bridge across the river Nandini near Kigga, as it will remove the great inconvenience now felt by the large number of pilgrims attending the jatra at the place owing to the want of a bridge.

Resolved that as the jatra is held during the hot season, the necessity for a bridge for the pilgrims is not established and that for other seasons the villagers and temple authorities may construct as hitherto temporary foot-bridges.

6. Proposition No. 30, (*c*) requesting the construction of a substantial foot-bridge across the river *Sita* in the Buggunji hobli, where passenger traffic is very great.

Resolved that the locality is not of sufficient importance to require a bridge.

7. The Tarikere Amildars report No. 506, dated 22nd September 1897, forwarding an estimate for Rs. 1,000 for opening out a new branch road from Lakvalli to Somapur on the ground that Somapur is a place of great pilgrimage.

Resolved that the Board are of opinion that the work is an important one and should be sanctioned but as funds are not available in the current year its cost should be provided for in next year's budget.

8. The Chikmagalur Amildar's report No. 739, dated 20th September 1897, requesting sanction for the entertainment of a watcher on Rs. 6 per mensem to the Chavadi built from Local Funds General in the Kalaspur village.

Resolved that the Board are of opinion that a watcher is absolutely necessary for the preservation of the building.

Application will accordingly be made for sanction out of closing balance.

9. The General Assistant Commissioner's memo No. 47, dated 21st September 1897, stating that the well sunk outside the village of Karehalli in the Tarikere taluk, though met with rock, has every sign of proving a success and requesting funds being provided to complete the well.

Resolved that as the work is likely to be successful it be continued, after a revised estimate has been prepared and sanctioned.

10. Read list of works proposed by the several Amildars from District Funds and Local Funds General grants for the current year. *Vide* list.

See orders on list of works.

11. Read the statement showing the attendance or otherwise of *members during the three consecutive meetings.

*1. Mr. T. Srinivasa Rao, Yedahalli.
2. „ „ Kuppuswami Pillai, Tarikere.

Resolved that the usual course be taken. It is noted that only one non-official member is present, the reason for their absence being presumed to be the prevalence of cholera at Chikmagalur.

12. The Tarikere Amildar's report No. 445, dated 10th September 1897, requesting sanction for the entertainment of a Lady Hospital Assistant at the cost of District Funds and states that the Municipal Board are poor

Resolved that the Amildar of Tarikere be requested to ascertain if any of the well-to-do residents of the town are willing to contribute to the cost and to report the result.

5. *Terms of sale*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

(v) The *Entrance Examination* is held in the month of January each year, on such date as may be fixed by the Director, both at the Imperial Forest School and at such centres as may be fixed from time to time by Local Governments, and under such Officers, Educational, Revenue, Forest, or other, as may be appointed: provided that the date shall be communicated by the Director to Local Governments and Conservators on or before 1st November. The subjects of examination are:—

The examination papers on the above subjects will be forwarded by the Director, in sealed covers, such officials as the Local Governments may direct, in the month preceding the examination.

(vi) A Local Government may lay down rules under which the number of candidates allotted, under Rule 10, to the Province for admission into the school, shall be selected from the number of passed candidates. In such rules due regard must be had to the place taken in the examination, but the Local Government shall not be debarred from preferring, for good and sufficient reasons, a passed candidate who may have taken a lower place in the list to one higher on the list; provided that the Director may, after inspection of the papers of the selected candidates, place before the Local Government an objection to the admission of any of such candidates on the ground that he is below the required standard.

(vii) The Local Government may, if it thinks fit, exempt from the entrance examination any candidate who is a Bachelor of Arts, or who has obtained a decree or diploma of about the same standard at any University in India, or in the United Kingdom, or in a British Colony, or at any educational institution to which the Government of India may extend the privilege: provided that such degree or diploma shall not give such candidate a preferential claim over any candidates who have passed the entrance examination and who may appear more eligible for the Forest Service.

(viii) Prior to the admission of a student, his parents or guardians must satisfy the Director that they are willing and able to defray the expenses of the student at the school. Of these sums, parents or guardians must deposit with the Director, before the course commences, a sum of Rs. 141 in the case of Native students and Rs. 188 in the case of European students, to meet the initial cost of uniform, books, instruments, stationery, and camp-equipage (*vide* Rule 18), and, in addition, Rs. 50 as caution-money.

(ix) Local Governments may, on the recommendation of a Conservator or of the Director, and in exceptional cases, allow selected private students who have passed the entrance examination a monthly stipend, not exceeding Rs. 50, to assist them through the school course: provided that such selected private students previously execute an agreement binding themselves to serve the Local Government concerned (in the event of their ob-

(x) The names of those private students who succeed in obtaining the school certificate will be entered by the Director in a register to be kept for that purpose, and the Conservators of those Circles, in which the non-stipendiary private students may severally desire or be willing to serve, will be addressed by him with the view of obtaining appointments for such students. The Conservators concerned will, for this purpose, be furnished with the original certificates, already referred to in clause (i) of this Rule, the school certificates, and such other useful information, more especially regarding the physical qualifications of the students, as the Director may be in a position to furnish.

(xi) A list of private students, who may not succeed in obtaining appointments, will be forwarded by the Director to the Inspector General of Forests, who will circulate the list amongst Durbars, Conservators, and other persons likely to be in need of the services of trained Forest Officials.

(xii) The appointment to the service of Government of passed private students depends on the existence of vacancies in the various Circles, and even a stipendiary student has no claim to such appointment.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as nilva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

If any person, giving certificates as above under (*c*), (*d*), and (*e*), is in a position to mention anything more to the credit of the candidate than the certificates actually call for, he may do so.

(iv) Those candidates who have been approved by the Conservator will be permitted, under his recommendation, to appear at the next entrance examination for the Forest School held in his Circle.

(v) The *Entrance Examination* is held in the month of January each year, on such date as may be fixed by the Director, both at the Imperial Forest School and at such centres as may be fixed from time to time by Local Governments, and under such Officers, Educational, Revenue, Forest, or other, as may be appointed: provided that the date shall be communicated by the Director to Local Governments and Conservators on or before 1st November. The examination papers on the above subjects will be forwarded by the Director, in sealed covers, to such officials as the Local Governments may direct, in the month preceding the examination.

(vi) A Local Government may lay down rules under which the number of candidates allotted, under Rule 10, to the Province for admission into the school, shall be selected from the number of passed candidates. In such rules due regard must be had to the place taken in the examination, but the Local Government shall not be debarred from preferring, for good and sufficient reason, a passed candidate who may have taken a lower place in the list to one higher on the list; provided that the Director may, after inspection of the papers of the selected candidates, place before the Local Government an objection to the admission of any of such candidates on the ground that he is below the required standard.

(vii) The Local Government may, if it thinks fit, exempt from the entrance examination any candidate who is a Bachelor of Arts, or who has obtained a decree or diploma of about the same standard at any University in India, or in the United Kingdom, or in a British Colony, or at any educational institution to which the Government of India may extend the privilege: provided that such degree or diploma shall not give such candidate a preferential claim over any candidates who have passed the entrance examination and who may appear more eligible for the Forest Service.

(viii) Prior to the admission of a student, his parents or guardians must satisfy the Director that they are willing and able to defray the expenses of the student at the school. These expenses are estimated to be not less than Rs. 822½ for each student living in Native fashion, and Rs. 1,057½ in the case of those living in European fashion (*vide* Rule 21). Of these sums, parents or guardians must deposit with the Director, before the course commences, a sum of Rs. 141 in the case of Native students and Rs. 188 in the case of European students, to meet the initial cost of uniform, books, instruments, stationery, and camp-equipage (*vide* Rule 18), and, in addition, Rs. 50 as causion-money.

(x) The names of those private students who succeed in obtaining the school certificate will be entered by the Director in a register to be kept for that purpose, and the Conservators of those Circles, in which the non-stipendiary private students may severally desire or be willing to serve, will be addressed by him with the view of obtaining appointments for such students. The Conservators concerned will, for this purpose, be furnished with the original certificates, already referred to in clause (i) of this Rule, the school certificates, and such other useful information, more especially regarding the physical qualifications of the students, as the Director may be in a position to furnish.

(xi) A list of private students, who may not succeed in obtaining appointments, will be forwarded by the Director to the Inspector General of Forests, who will circulate the list amongst Durbars, Conservators, and other persons likely to be in need of the services of trained Forest Officials.

(xii) The appointment to the service of Government of passed private students depends on the existence of vacancies in the various Circles, and even a stipendiary student has no claim to such appointment.

Circular No. 1885—*Spl. Aud.* 1074, *dated 8th November* 1897.

To—The Deputy Commissioners of Districts, Treasury Department, and Officer in charge of the State Huzur Treasury.

Article 255 of the Civil Account Code requires that all deposits which lapse either from age or pettiness should be credited to Government by this office, at the close of each year, by means of transfer entries, but some of the Deputy Commissioners, Treasury Department, credit such amounts monthly in their Treasury accounts. This procedure being opposed to the Codal Rule quoted above, the Comptroller has the honor to request that Deputy Commissioners, Treasury Department, will, in future, refrain from making such adjustments but submit to this office, immediately after the 30th June of each year, a list in Form No. 32 A., detailed instructions regarding the preparation, review and check of which are given in the Note to the Article above mentioned.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or ½ rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not

removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Notification, dated, Camp Chinkurli, 6th November 1897.

Referring to sandalwood auction sales notified in Notification of 6th September last, the public are hereby informed that lots left unsold in one district will not be exposed to auction subsequently in another district as on former occasions.

The examination papers on the above subjects will be forwarded by the Director, in sealed covers, to such officials as the Local Governments may direct, in the month preceding the examination.

(vi) A Local Government may lay down rules under which the number of candidates allotted, under Rule 10, to the Province for admission into the school, shall be selected from the number of passed candidates. In such rules due regard must be had to the place taken in the examination, but the Local Government shall not be debarred from preferring, for good and sufficient reasons, a passed candidate who may have taken a lower place in the list to one higher on the list ; provided that the Director may, after inspection of the papers of the selected candidates, place before the Local Government an objection to the admission of any of such candidates on the ground that he is below the required standard.

(vii) The Local Government may, if it thinks fit, exempt from the entrance examination any candidate who is a Bachelor of Arts, or who has obtained a decree or diploma of about the same standard at any University in India, or in the United Kingdom, or in a British Colony, or at any educational institution to which the Government of India may extend the privilege : provided that such degree or diploma shall not give such candidate a preferential claim over any candidates who have passed the entrance examination and who may appear more eligible for the Forest Service.

(viii) Prior to the admission of a student, his parents or guardians must satisfy the Director that they are willing and able to defray the expenses of the student at the school. These expenses are estimated to be not less than Rs. 822½ for each student living in Native fashion, and Rs. 1,057½ in the case of those living in European fashion (*vide* Rule 21). Of these sums, parents or guardians must deposit with the Director, before the course commences, a sum of Rs. 141 in the case of Native students and Rs. 188 in the case of European students, to meet the initial cost of uniform, books, instruments, stationery, and camp-equipage (*vide* Rule 18), and, in addition, Rs. 50 as cautsion-money.

(ix) Local Governments may, on the recommendation of a Conservator or of the Director, and in exceptional cases, allow selected private students who have passed the entrance examination a monthly stipend, not exceeding Rs. 50, to assist them through the school course : provided that such selected private students previously execute an agreement binding themselves to serve the Local Government concerned (in the event of their ob-

taining the school certificate) for a period of not less than five years (*vide* Rule 17). Such monthly stipend may, in case of misconduct or unsatisfactory progrees at the school, be reduced, or altogether withdrawn, at the discretion of the Director.

(x) The names of those private students who succeed in obtaining the school certificate will be entered by the Director in a register to be kept for that purpose, and the Conservators of those Circles, in which the non-stipendiary private students may severally desire or be willing to serve, will be addressed by him with the view of obtaining appointments for such students. The Conservators concerned will, for this purpose, be furnished with the original certificates, already referred to in clause (i) of this Rule, the school certificates, and such other useful information, more especially regarding the physical qualifications of the students, as the Director may be in a position to furnish.

(xi) A list of private students, who may not succeed in obtaining appointments, will be forwarded by the Director to the Inspector General of Forests, who will circulate the list amongst Durbars, Conservators, and other persons likely to be in need of the services of trained Forest Officials.

(xii) The appointment to the service of Government of passed private students depends on the existence of vacancies in the various Circles, and even a stipendiary student has no claim to such appointment.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not apnear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as pilva, chilta and white chips. If the wood be not

removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Notification, dated, Camp Chinkurli, 6th November 1897.

Referring to sandalwood auction sales notified in Notification of 6th September last, the public are hereby informed that lots left unsold in one district will not be exposed to auction subsequently in another district as on former occasions.

The examination papers on the above subjects will be forwarded by the Director, in sealed covers, to such officials as the Local Governments may direct, in the month preceding the examination.

(vi) A Local Government may lay down rules under which the number of candidates allotted, under Rule 10, to the Province for admission into the school, shall be selected from the number of passed candidates. In such rules due regard must be had to the place taken in the examination, but the Local Government shall not be debarred from preferring, for good and sufficient reasons, a passed candidate who may have taken a lower place in the list to one higher on the list; provided that the Director may, after inspection of the papers of the selected candidates, place before the Local Government an objection to the admission of any of such candidates on the ground that he is below the required standard.

(vii) The Local Government may, if it thinks fit, exempt from the entrance examination any candidate who is a Bachelor of Arts, or who has obtained a decree or diploma of about the same standard at any University in India, or in the United Kingdom, or in a British Colony, or at any educational institution to which the Government of India may extend the privilege: provided that such degree or diploma shall not give such candidate a preferential claim over any candidates who have passed the entrance examination and who may appear more eligible for the Forest Service."

(viii) Prior to the admission of a student, his parents or guardians must satisfy the Director that they are willing and able to defray the expenses of the student at the school. These expenses are estimated to be not less than Rs. 822½ for each student living in Native fashion, and Rs. 1,057½ in the case of those living in European fashion (*vide* Rule 21). Of these sums, parents or guardians must deposit with the Director, before the course commences, a sum of Rs. 141 in the case of Native students and Rs. 188 in the case of European students, to meet the initial cost of uniform, books, instruments, stationery, and camp-equipage (*vide* Rule 18), and, in addition, Rs. 50 as caution-money.

(ix) Local Governments may, on the recommendation of a Conservator or of the Director, and in exceptional cases, allow selected private students who have passed the entrance examination a monthly stipend, not exceeding Rs. 50, to assist them through the school course: provided that such selected private students previously execute an agreement binding themselves to serve the Local Government concerned (in the event of their obtaining the school certificate) for a period of not less than five years (*vide* Rule 17). Such monthly stipend may, in case of misconduct or unsatisfactory progress at the school, be reduced or altogether withdrawn, at the discretion of the Director.

(x) The names of those private students who succeed in obtaining the school certificate will be entered by the Director in a register to be kept for that purpose, and the Conservators of those Circles, in which the non-stipendiary private students may severally desire or be willing to serve, will be addressed by him with the view of obtaining appointments for such students. The Conservators concerned will, for this purpose, be furnished with the original certificates, already referred to in clause (i) of this Rule, the school certificates, and such other useful information, more especially regarding the physical qualifications of the students, as the Director may be in a position to furnish.

(xi) A list of private students, who may not succeed in obtaining appointments, will be forwarded by the Director to the Inspector General of Forests, who will circulate the list amongst Durbars, Conservators, and other persons likely to be in need of the services of trained Forest Officials.

(xii) The appointment to the service of Government of passed private students depends on the existence of vacancies in the various Circles, and even a stipendiary student has no claim to such appointment.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made:

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Sr. Surgn. & Sany. Comr. with the Govt. of Mysore.

The 18th November 1897.

Circular Letter No. 170, *dated 18th November* 1897.

From the Superintendent of Mysore Government Stationery Depôt, to all the Heads of Departments and Offices.

It is requested that Annual Indents for Stationery and Printed Forms required for the year 1898-99 may be caused to be prepared correctly with due regard to the requirements of the year and forwarded to this office punctually on or before the 15th February 1898, as prescribed by Government. Stray requisitions for Forms as required are sometimes sent and cause not only much inconvenience but also delay in the despatch of other work, especially when the Forms have to be printed again. The Indent should therefore provide fully for the requirements of the year.

2. No new Forms, not sanctioned by Government, need find a place in the Indent. Sanctioned serial number of the Form should invariably be given. Heads of Departments and Offices are requested to scrutinize the Indents of their subordinate offices (both for stationery and for printed forms) by comparing those of kindred offices with due regard to the requirements of each and countersign and forward them in original to the undersigned on or before the due date.

5. *Terms of sale.*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

P. H. BENSON, M. B., *Surgeon, Lt.-Colonel,*
Sr. Surgn. & Sany. Comr. with the Govt. of Mysore.

The 18th November 1897.

Circular Letter No. 170, *dated 18th November* 1897.

From the Superintendent of Mysore Government Stationery Depôt, to all the Heads of Departments and Offices.

It is requested that Annual Indents for Stationery and Printed Forms required for the year 1898-99 may be caused to be prepared correctly with due regard to the requirements of the year and forwarded to this office punctually on or before the 15th February 1898, as prescribed by Government. Stray requisitions for Forms as required are sometimes sent and cause not only much inconvenience but also delay in the despatch of other work, especially when the Forms have to be printed again. The Indent should therefore provide fully for the requirements of the year.

2. No new Forms, not sanctioned by Government, need find a place in the Indent. Sanctioned serial number of the Form should invariably be given. Heads of Departments and Offices are requested to scrutinize the Indents of their subordinate offices (both for stationery and for printed forms) by comparing those of kindred offices with due regard to the requirements of each and countersign and forward them in original to the undersigned on or before the due date.

C. RAMA RAO, *Officer in Charge of Govt. Sty. Depôt.*

2. The public are informed that sandalwood has this year been assorted or classified under two different systems :—

(i) The old system of classification in the kotis of Shimoga, Sagar, Chikmagalur, Hassan and Bangalore.

(ii) The new system of classification in the kotis of Seringapatam, Hunsur and Tirthahalli.

3. Standard English weights (Avoirdupois-38⅔ tolas) will be adopted in all the kotis as intimated in Notification, dated the 15th September 1896. Purchasers are requested to take early delivery of the wood and arrange with the District Forest Officer concerned and amongst themselves as to dates so as to obviate delay and clashing.

4. Attention is also drawn to the rules for the import of sandal into Her Majesty's Territories, non-compliance with which will render those concerned liable to severe penalties.

The following Statement exhibits the Approximate Quantities of various classes of Sandalwood which will be offered for sale at each Koti.

5. *Terms of sale*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

7. No wood can be removed by any purchaser until it has been paid for in full and until a "License to remove" shall have been obtained from the Forest Officer.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

J. CAMERON, *Superintendent.*

The 18th November 1897.

Circular Letter No. 170, dated 18th November 1897.

From the Superintendent of Mysore Government Stationery Depôt, to all the Heads of Departments and Offices.

It is requested that Annual Indents for Stationery and Printed Forms required for the year 1898-99 may be caused to be prepared correctly with due regard to the requirements of the year and forwarded to this office punctually on or before the 15th February 1898, as prescribed by Government. Stray requisitions for Forms as required are sometimes sent and cause not only much inconvenience but also delay in the despatch of other work, especially when the Forms have to be printed again. The Indent should therefore provide fully for the requirements of the year.

2. No new Forms, not sanctioned by Government, need find a place in the Indent. Sanctioned serial number of the Form should invariably be given. Heads of Departments and Offices are requested to scrutinize the Indents of their subordinate offices (both for stationery and for printed forms) by comparing those of kindred offices with due regard to the requirements of each and countersign and forward them in original to the undersigned on or before the due date.

2. The public are informed that sandalwood has this year been assorted or classified under two different systems :—

(i) The old system of classification in the kotis of Shimoga, Sagar, Chikmagalur, Hassan and Bangalore.

(ii) The new system of classification in the kotis of Seringapatam, Hunsur and Tirthahalli.

3. Standard English weights (Avoirdupois-38$\frac{8}{9}$ tolas) will be adopted in all the kotis as intimated in Notification, dated the 15th September 1896. Purchasers are requested to take early delivery of the wood and arrange with the District Forest Officer concerned and amongst themselves as to dates so as to obviate delay and clashing.

4. Attention is also drawn to the rules for the import of sandal into Her Majesty's Territories, non-compliance with which will render those concerned liable to severe penalties.

The following Statement exhibits the Approximate Quantities of various classes of Sandalwood which will be offered for sale at each Koti.

5. *Terms of sale*—The following revised rules for the sale of sandalwood by public auction in Mysore approved by Government are published in *extenso* for information :—

I.—Procedure.

1. Every auction sale shall be held by a Forest Officer in conjunction with the Deputy Commissioner of the District, or other Officer deputed by the Deputy Commissioner.

2. Subject to minimum prices to be fixed by the Conservator of Forests on behalf of Government, the highest bidder shall be the purchaser. Should the sale of any lot be disputed, it shall be again put up and re-sold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk Treasury at the place, or if there is no such treasury, to pay the same into the nearest Taluk Treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the District Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to re-sell forthwith all or any portion of the sandalwood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzur Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzur Treasury shall give intimation to the Conservator of Forests of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Conservator of Forests. Unutilized deposits shall be returned to the party concerned on the certificate of the Conservator of Forests.

5. The whole quantity purchased by each merchant must be paid for within ninety days from the date of sale, failing which the deposit money already paid shall be forfeited to Government and not treated as part payment unless the Conservator of Forests in his discretion grants an extension of time, and the amount is paid within the time so granted. In case of default the wood shall be re-sold at the risk of the first purchaser who shall be liable for any loss, but not participate in any profit. The sandalwood not paid for shall be re-sold. Moneys due may be paid into the treasury of the taluk in which the koti is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzur Treasury the balance due for their sandalwood purchases at each koti, and the receipt granted by the Huzur Treasury on that account shall be regarded by the Officer selling as payment. The Huzur Treasury Officer shall give intimation of all such payments to the Conservator of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of wood.

6. The District Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner, shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each koti must be completed within ninety days from the date of sale. When weighing, should any surplus be found in any lot, it shall be taken out, and should any deficiency occur, the officer weighing will make up the full tale of wood, stamp every piece that can be stamped and take such precautions as shall preclude the lots being tampered with before final removal.

The full tale of wood having been thus once made up, all loss which may afterwards arise from driage or other causes shall be borne entirely by the purchaser, who shall be warned to attend at the weighing out of his lots. Should he not appear in person or by duly constituted agent, within the ninety days above referred to, the Forest Officer or the officer deputed for weighing, shall weigh out, stamp and seal the lots at his own convenience, and no complaint afterwards made by the purchaser will be attended to. The expenditure incurred in weighing out wood will be borne by the Government, but all expenses necessary for the final removal of the wood from the koti shall be borne by the purchaser. Nothing in the above shall be held to prevent a Forest Officer from weighing out wood to any purchaser who wants early delivery upon full payment of the amount due thereon.

IV.—Koti Rent.

8. Wood weighed out, stamped and paid for under the preceding sections may be removed at any time within ninety days from date of sale without payment of koti rent. Such wood, if left in the kotis for more than ninety days from date of sale, shall be charged with koti rent at the rate of 4 annas per khandi or 1 rupee per ton per mensem from date of sale for superior sorts, and 2 annas per khandi or 8 annas per ton for inferior sorts, such as milva, chilta and white chips. If the wood be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, and due publication, be sold by public auction for the recovery of rent and costs, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If, before the date fixed for such auction sale such sale is concluded, the original purchaser tenders the rent due and all costs he shall be allowed to remove his wood and the auction will not be held. The Conservator of Forests may remit any portion of rent not exceeding three months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

9. No wood can be removed from the koti till a "License to remove sandalwood," signed by the Forest Officer in charge shall have been obtained, and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in Section 40 of the Mysore Forest Rules. All time-expired licenses shall be considered as null and void, and extension of time shall not be granted, except on the ground of special and cogent reasons, and under the Deputy Commissioner's orders.

VI.—General.

10. In conformity with standing rules, no sandalwood can be sold by private individuals within the Mysore Territories, or be moved from place to place without a license to be granted by the Forest Officer in charge of the Range.

11. The Forest Officer in charge shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

Notification, dated, Camp Chinkurli, 6th November 1897.

Referring to sandalwood auction sales notified in Notification of 6th September last, the public are hereby informed that lots left unsold in one district will not be exposed to auction subsequently in another district as on former occasions.

1. Consideration of accounts of receipts and disbursements for the month of October 1897.

Resolution.—Recorded.

2. Letter, dated 23rd October 1897, from the Secretary to the Government of Mysore, Public Works Department, stating that as the Dewan ordered at the last Dasara Meeting to breach the feeder channel to Doddakere at Mysore, effect may be given to it by the Municipality as it is a municipal work, and Government Proceedings No. 4971-2—L. F. 192-93 of 5th November 1897, stating that the above letter has been recorded.

Resolved that the Government be requested to reclaim the feeder as the present financial position of the Municipality does not permit it to undertake the work, and the Board apprehends danger to the health of the town to have the feeder in its present breached condition.

3. Report of the Sub-Committee on levy of Octroi duty in lieu of the loom tax.

Resolved that the loom tax be abolished and that the Board consider it inexpedient to levy Octroi duty on piece-goods of local manufacture unless other municipalities in the province introduce it into their towns especially Bangalore.

4. Sayer Daroga's report No. 62 of 24th September 1897, proposing the levy of rent of one anna per month on a maund of tobacco, three months after it is stored in the Sayer Koti, as its discontinuance has induced the dealers in tobacco to keep the article for years in the godown and give room for mal-practices.

Resolved that the Government Order No. 90-101—3, dated 10th April 1885, disposes of the question, and it does not require re-consideration by the Board.

5. Letter, dated 20th November 1897, from the Palace Controller, requesting to arrange for the exclusive use of the Brahmins the bathing ghat at Doddakere in certain hours in the mornings and evenings as it was constructed for the benefit of them by the Palace.

Amendments in the Land Revenue Rules and Standing Orders relating thereto issued during the official year 1896—97.

I. ORDER No. 486-95—Fl. 45, DATED 15TH JULY 1896.

Government assessed land should not be set apart as a burial ground without Government sanction. Section 39 of the Land Revenue Code obviously gives to survey officers the power of reserving Government land for such and other public purposes under the general or special orders of Government only during the time when survey operations are in progress.

Note to Rule X para 1.

II. ORDER No. 656-64—Pet. 134, DATED 16TH JULY 1896.

In Inam villages into which the survey settlement has been introduced, raiyats desiring subdivision of their lands should in the first instance apply to the Inamdar. They may appeal to the Deputy Commissioner, if the Inamdar does not comply, or refuses to comply, with their applications. This course shall be followed only after the settlement has been closed and not during the survey settlement, when the settling officer shall have full discretion in the disposal of applications for subdivision.

Note to Rule XXVII.

III. ORDER No. 1403-11—EX. 55, DATED 3RD AUGUST 1896.

Government direct that no unoccupied lands reserved as date groves or situate in the midst of date groves should, under any circumstances, be given out for cultivation without the special sanction of Government. But wherever the grazing on such lands can be disposed of either under the hulbanni rules or by separate sales, without prejudice to the requirements of the State toddy revenue, Government have no objection to the lands in question being dealt with accordingly after giving due publicity to the fact that the date trees thereon should on no account be interfered with.

Note to Rule XI and para 8 of Rule XX.

IV. ORDER No. 1518—Pet. 249, DATED 4TH AUGUST 1896.

1. It is incumbent on the Shanbhog to be present with the Patel when collection work proceeds and to enter all transactions in the Khirdi just as they happen. The Shanbhog has no justification whatever for pleading that the Patel did not give him the required information. The Shanbhog is to obtain such information not through the Patel but by being present at, and personally taking part in, the transaction.

Note to paras 7 and 8 of Rule XXXII.

2. For the purposes of Section 33 of the Land Revenue Regulation prescribing a limit of two months' pay as the maximum fine permissible, the annual Potgi distributed over 12 months must be regarded as the monthly salary of the village officials who are paid once a year in the shape of Potgi.

Rule IXA, Section 33 of Land Revenue Code.

V. ORDER No. 1587-95—R. 608, DATED 11TH AUGUST 1896.

When applications are received for the grant of land for coffee cultivation and for purposes connected therewith, upset price should be levied on "Phut kharab," except when it is useless to the applicant, being deducted from the survey number on account of public roads, pathways, &c.

Note 1 to paras 6 to 8 and 12 of Appendix E.

If the extent of "Phut kharab" is large, the same should be excluded entirely from the land applied for, provided it is capable of being separated; but if the applicant chooses to have it included in the land applied for by him, he should be called upon to pay the upset price thereon, unless it happens to be a public road, &c., in which case it need not be so included and no upset price levied thereon. This procedure should be uniformly and strictly observed.

VI. NOTIFICATION No. 2816—R. 1019, DATED 10TH SEPTEMBER 1896.

The Government of Mysore are pleased to direct that the following be read as Rule XXX A. of the Rules under the Land Revenue Code published under Notification No. 150, dated 22nd July 1890.

XXX A. Amildars and Deputy Amildars may, subject to appeal or revision, confirm sales of building sites when the sale proceeds do not exceed Rs. 10, provided that all cases in which sites are proposed to be granted for an upset price instead of by public auction, shall be reported for the orders of the Deputy Commissioner.

(Section 135 of the L. R. Code.) Powers of Amildars and Deputy Amildars in the disposal of building sites.

VII.—ORDER No. 2808-15—R. 1018, DATED 10TH SEPTEMBER 1896.

Note to Rule XXXA.

The Deputy Commissioners are expected to exercise a close supervision over the proceedings of Amildars and Deputy Amildars under this rule. Even when there is not an appeal, the District and the Sub-Division Officers should exercise their power under Section 217 of the Land Revenue Regulation, and, from an occasional examination of the records of such proceedings, satisfy themselves that the interests of Government have been properly cared for by the taluk officers.

VIII—ORDER No. 2932-33—R. F. 9-96, DATED 15TH SEPTEMBER 1896.

Note to para 9 of Rule XX.

It is desirable that where there is no assessed unoccupied waste land available in a village, while the extent of gomal land is out of all proportion to the number of cattle, the Deputy Commissioner should investigate if there is demand for arable land for cultivation and take action to throw open as much as may be wanted.

IX.—ORDER No. 3197-206—R. 1115, DATED, BANGALORE, 21ST SEPTEMBER 1896.

Note to para 8 of Rule XLIV.

Government are pleased to prescribe the accompanying form of summons for witnesses in Revenue cases, and to direct its adoption in all the Revenue Courts and Departments of the State.

X.—NOTIFICATION No. 3576-1228, DATED 2ND OCTOBER 1896.

Government direct the following additions being made to paras 1 and 4 of the Rules contained in appendix H to the Mysore Land Revenue Rules:—

At the end of para 1 add—

(1) "Provided however, that when the grant exceeds 50 acres, it shall be made subject to the sanction of Government."

(2) Insert between the words "cultivate" and "mulberry" occurring in para 4 the word coffee."

XI.—ORDER No. 4087-34—R. 1406, DATED 1ST NOVEMBER 1896.

Note to para 5 of Rule XLIII.

Government observe that the registry of the name of a person as an officiator Shanbhog is not an honorary distinction. The right to a Shanbhogi office is inseparable from the efficient discharge of duties connected therewith; the only exception allowed by para 5 of Rule XLIII of the Mysore Land Revenue Rules being in the case of widows or minors on whose behalf gumastas may be appointed. An officiator Shanbhog who has no such disability, cannot, being a registered Shanbhog, be permitted to absent himself for employment elsewhere. He should therefore elect the one or the other. If he prefers to remain in Government service elsewhere, he should resign his *hak* to the Shanbhog office in favor of his next of kin.

XII.—ORDER No. 4711-18—R. F. 19-96, DATED 25th NOVEMBER 1896.

Note to Rule XXXA.

Resumption of building sites is permissible only in cases in which the present occupants refuse to pay the assessment charged on the lands and not in cases in which the defaulters' whereabouts are unknown, or when there is no means of recovering the arrears. *Vide* Proceedings No. 16919-27—R. 1699, dated 6th April 1894. In cases of the latter kind it is necessary, as already laid down in para 25 of Government Proceedings No. 6582-90—Cir. 136, dated 2nd September 1890, that the sites should be sold to give the Government (if bought in) an indefeasible right to the property.

XIII.—ORDER No. 4819-27—R. 1670, DATED 26TH NOVEMBER 1896.

Note to Proviso to Rule XXVII para 1.

Government concur with the Superintendent of Revenue Survey in his views that it is objectionable to send out the field books of Classers and Measurers. In urgent cases where they are wanted by Deputy Commissioners, a copy or extract should be made and sent by the Survey Superintendent. If such requisitions are made at the instance of any party in connection with any proceeding in which such party is concerned, he ought to be made to bear the cost of such transcription. Rule XXVII of the Land Revenue Rules requires a slight modification so far as it refers to the subdivision of a mixed number. The classification of a land when dependent on a well becomes complicated and technical and it is best that such subdivision should, in the interest of all concerned, undergo the scrutiny and supervision of the Survey Superintendent. It is accordingly ordered that all such cases should be sent for the approval of that Officer before the subdivision is finally carried out.

XIV.—NOTIFICATION No. 4789—R. 1661, DATED 26TH NOVEMBER 1896.

The Government of Mysore are pleased to direct that the following proviso be added to para 1 of Rule XXVII o the Mysore Land Revenue Rules :—

"Provided that, if a Survey number comprises both dry and wet lands, or dry, wet and garden "lands, any subdivision thereof made under these rules will not be carried out unless approved by the "Superintendent of Revenue Survey, to whom every such case should be reported with the measurement record."

XV.—ORDER No 6150-57—R. 2096, DATED 9TH JANUARY 1897.

Note to remarks on Form No. 7, Appendix A.

The attention of Deputy Commissioners is requested to para 3 of the Remarks appended to village form of accounts No. 7, (Page 92 of the Land Revenue Rules) by which a systematic and minute field inspection is insisted upon, and the desirability of a certain percentage of the whole of the numbers in the village being tested by both the Amildar and the District Officer, at the time of the jamabandi, is suggested.

2. Government desire to impress upon the District and Jamabandi Officers the great importance of this duty being properly and efficiently done, and they accordingly direct the Amildars and Jamabandi Officers to note in the Village Pahane Books the numbers of lands which they inspect and add any remarks regarding the general accuracy of the entries made by Shanbhogs.

3. Attention is also invited to the direction that the Pahane inspection should be made twice during the year. The District Officers should bear in mind that it is the information thus entered in their books which forms the basis of the estimates of outturn and production, and they should satisfy themselves by every means in their power that the Pahane inspection is properly made and the required information accurately entered.

4. The entry regarding the source of irrigation has an important bearing upon private rights especially when it is a spring or well, and too much care cannot be taken in recording that information correctly. The Deputy Commissioners and Jamabandi Officers should also test the accuracy of as many entries as they can, under this head, during the time of the jamabandi.

XVI. ORDER No. 7338-46—R. 2451, DATED 14TH FEBRUARY 1897.

Note to para 10 of Rule XX.

It is a long established and well understood rule that no private rights of any kind should be allowed to spring up within the beds of tanks in action, but it is believed that local Revenue authorities have, notwithstanding, sometimes allowed themselves to be persuaded to grant occupancy rights within tank beds.

2. This cannot be tolerated. It will cause infinite mischief. When once an exception is made, applications will come in from all sides for a similar concession. The rule must, therefore, be strictly enforced as a *hard* and *fast* one, and any departure from it should be forthwith cancelled as illegal and opposed to para 10 of Rule XX of the Mysore Land Revenue Rules, and severe notice taken of the conduct of the Officers concerned.

3. Under the rule cited above, the Deputy Commissioner may, in exceptional times of drought, allow the cultivation of dry tank beds *for a season*, but this should be done wholly upon public grounds and when actual drought exists.

XVII. NOTIFICATION No. 7624—R. F. 74-96, DATED 3RD MARCH 1897.

The Government of Mysore are pleased to direct that the following be read as para I A of Rule XX of the Mysore Land Revenue Rules.

Rejection of darkhasts for unoccupied lands by whom to be ordered.

I A. No darkhasts for unoccupied land shall be rejected by Amildars or Deputy Amildars without the orders of Deputy Commissioners or Assistant Commissioners in charge of taluks, to whom all such cases shall be reported with a clear statement of the grounds on which the rejection is recommended.

XVIII. ORDER No. 7740-48—R. 2602, DATED 8TH MARCH 1897.

Note to para 9 of Rule XXXII and remarks on Forms Nos. 2, 3 & 4 of Appendix A.

Government observe that the term "Khatedar" being the same as "Registered occupant" and "Superior holder," these need not necessarily be the occupants of whole survey numbers. The first column in the "Khetwar Patrik" (Form No. 1 of Appendix A to the Land Revenue Rules) is intended for survey number and the second column for Phoot number or letter. The persons that come under these two heads as occupants, are registered occupants or superior holders. Under Section 142 of the Land Revenue Code, the registered occupant and the superior holder are primarily responsible to Government for the land revenue of their lands, and it is only on their failure to pay it, that the amount is recovered from the co-occupants or other persons interested in such lands. It is thus evident that land revenue cannot be recovered from any person other than the registered occupant, so long as he is able and willing to pay and pays the same. If he fails, his consent to others paying the kandayam on his behalf is immaterial, and if he consents, the payer is no more than his agent. This is the real view of how these transactions are regulated.

2. The entry of the transaction of payment and receipt of kandayam is a subordinate matter and must be regulated on the above principles. The consent of the registered occupant to the recovery of the kandayam from others or his failure to pay it himself, must be preliminary to its acceptance from others; and if from the existence of the antecedent cause, *viz.*, the consent of the registered occupant to the receipt of money from others, or his failure to pay it himself, the subsequent entry in the account becomes a matter of necessity, his consent at a later stage, *i. e.*, at the time of making the entry, may be dispensed with. In this view, the exception that payments of kandayam by persons other than the khatedar should not be noted in the patta, if the khatedar objects to such note being made in his patta (*vide* para 4 of remarks on Form No. 4 of Appendix A to the Land Revenue Rules), cannot stand and is moreover opposed, in spirit, to the direction that, "when the payment is made by any person other than the registered khatedar, the particular number of the fields on account of which the payment is made, should be noted" in the Khate. (*Vide* para 4 of the remarks on Form No. 3 of Appendix A to the Land Revenue Rules, page 68).

3. As the entries in Forms Nos. 2, 3 and 4 of Appendix A to the Land Revenue Rules should tally with one another, it is desirable that the receipt of money from any person other than the khatedar should be made known to him to avoid future disputes, and this cannot be done more effectively than by entering this transaction, as it occurs, in the patta (Form No. 4). Under these circumstances, Government are pleased to direct that the clause "unless the pattadar objects to such note being made in his patta" be struck out from para 4 of the remarks on Form No. 4.

4. Government further direct that, as it is inexpedient to give such co-occupants or other persons interested in the occupancy, duplicate copies of patta (Form No. 4), such practice, wherever it exists, should be discontinued. Persons thus interested in the occupancy are only entitled to a receipt for the kandayam they pay, on account of the occupancy, and such receipt is best given as an extract of Form No. 2 (Roz Khirdi.) Printed spare copies of Form No. 2 will therefore be supplied to Shanbhogs for the purpose.

XIX. ORDER No. 7866-74—R. F. 130-93, DATED 10TH MARCH 1897.

In continuation of Government Proceedings No. 6150-57—R. 2096, dated 9th January 1897, laying down certain instructions in regard to Pahani inspection to be made by Amildars and District and Jamabandi Officers, Government are pleased to prescribe the annexed statement as an enclosure to the Pahani Takhta, Form No. 7, Appendix A. to the Rules under the Land Revenue Code, for the purpose of showing the area of cultivated lands (Government and minor inam) classified according to the probable out-turn of crops when standing thereon and the estimated out-turn of crops after they are harvested. Except when the Deputy Commissioner otherwise directs under Section 10 (*a*) of the Mysore Famine Code, the statement above prescribed should be made to correspond with the two Pahani inspections, which every Shanbhog is now required to make. (*Vide* remarks on Village Account, Form No. 7.) The Shanbhog should be required to submit this statement to the Amildar, who should cause the particulars therein given to be entered in a special register to be kept for the purpose and return the original to the Shanbhog for being filed with the account to which it forms an enclosure. The Amildar should then prepare a complete report from the Shanbhogs' returns for the whole Taluk and submit the same to the Deputy Commissioner, an abstract statement in the same form showing the Talukwar details being submitted by the Deputy Commissioners for the information of Government before the end of April every year.

Remarks on Enclosure to Form No. 7.

1. An abstract like this shall be prepared after the first Pahani in the second fortnight of October, and another after the second Pahani at the end of January, and rendered to the Amildar, to be noted and returned by him to the Shanbhog with such remarks as the Amildar may think necessary to make with reference to his own personal observation.

2. It is not necessary to estimate the condition or out-turn of the crop on every field. It is sufficient if the Patel and the Shanbhog note approximately from their intimate knowledge of the village what the probable out-turn has been or would be on the whole.

3. The out-turn should be given in four divisions only as shown in the form, namely, "20 annas," "16 annas," "8 annas," and "4 annas or less." This would be equal to *Bumper*, *Average*, *Middling* and *Bad*. A *fair average* crop will be represented by 16 annas, and all out-turn above this should be shown under "20 annas," half the average (or middling) will be denoted under "8 annas" and one-quarter of the average or less under "4 annas."

4. For the actual yield per acre of a fair average crop (16 annas) in a fairly good season which should be taken as the data for calculating the figures to be entered in columns 8 and 14, an estimate should be formed once for all under the Deputy Commissioner's orders by the Amildar after some enquiry and due consultation of the village officers The data thus adopted should be recorded in the register to be maintained in the Taluk Cutcherry and not altered without the previous sanction of Government.

5. The Taluk and District Officers should endeavour to verify the accuracy of this statement as nearly as possible by frequent inspections and enquiries.

XX. ORDER No. 8819-27—R. F. 11-96, DATED 5TH APRIL 1897.

Note to Rule XXI.

The Government desire the Deputy Commissioners to note that they view with disfavor the grant or confirmation of land to one who has taken possession of it unauthorizedly and in violation of rules. In all such cases, the Deputy Commissioner should proceed in a definite and regular manner and try to evict the offender under Section 209 of the Land Revenue Code when he does not quit the land in question voluntarily.

XXI. ORDER No. 8870-77—R. 2967, DATED 8TH APRIL 1897.

Note to Rule VI.

Under Section 16, clause (3) of the Land Revenue Regulation, the Deputy Commissioners may, if the holder of an alienated village fails to keep the registers and accounts required by Rule VI of the Land Revenue Rules, cause such registers and accounts to be prepared by any other person, and levy the cost of such preparation from the Inamdars as a revenue demand. If any enquiry becomes necessary for the purpose of enabling the accounts being prepared, the Deputy Commissioner may depute a competent officer for that purpose, the expenses attending such enquiry, which are incidental to the preparation of accounts, being also levied from the Inamdars. The Deputy Commissioners are requested to fully enforce the existing provision of the law before expressing any opinion regarding its inadequacy.

XXII. NOTIFICATION No. 9645—P. F. 45-96, DATED 1ST MAY 1897.

To be read as para 4 of Rule XIX of the L. R. Rules.

Any person desiring to use Government water for irrigating a land not assessed as wet land, shall make an application in writing to the Amildar or other officer duly authorized to receive such application for permission to make use of the supply of water; and if any person uses such water without such permission, he shall be charged with double the rate he would otherwise have been required to pay, had he applied for and obtained permission, and shall also be liable to pay as fine five times the wet assessment of the whole survey number thus wholly or partly irrigated.

XXIII. ORDER No. 10528-36—R. F. 92-96, DATED 29TH MAY 1897.

Note to Rule XXX A.

The following rules regarding the grant of sites for building purposes are laid down for adoption in the Hassan and Kadur districts and also in the Shimoga district as far as they are applicable to the circumstances of that district :—

(1) Ten guntas of kharab (unassessed and not gomal) land should be the maximum extent to be given ordinarily for the building of each house or hut.

(2) The sites thus limited in extent will bear no assessment and may be given generally free by the Deputy Commissioners, except when there are more applications than one for the same site, in which case the site will be sold by public auction.

(3) The Deputy Commissioner, however, has discretion to treat exceptional cases in a special manner and even when there are more applications than one for the same site, to give the site as above limited in extent for an upset price whenever there is undue hardship to a poor deserving raiyat.

(4) When the extent exceeds ten guntas and evidently affords scope for coffee and other garden crops being grown thereon, an assessment of one rupee per acre may be levied and also an upset price of rupees five per acre or any fraction thereof when under one acre and above ten guntas. Whenever there are more applications than one, the land should be sold by public auction. The maximum extent should in no case exceed two acres, except with the sanction of Government.

(5) Lands thus granted should be marked in the survey plans and treated as village sites or assessed lands according as they are in Gav Tán or otherwise.

(6) The trees on such lands may be sold either by auction or for an upset price; and if bought by any person other than the one who obtained the land, a condition must be imposed and enforced requiring such purchaser to remove the trees within a reasonable time which should be fixed in each case according to the circumstances thereof.

XXIV. ORDER No. 10686-95—R. 3548, DATED 5TH JUNE 1897.

Note to para 10 of Rule XX.

In continuation of Government Order No. 7338-47—R. 2451, dated 14th February 1897, Government direct that the bed of a "Raised" tank, *i. e.*, the tank the *kodi* of which has been raised, must be defined as comprising all the land in the contour within the level line of the raised kodi. Cultivation of such land, except under the conditions specified in para 10 of Rule XX of the Land Revenue Rules, is illegal and ought not to be permitted.

XXV. ORDER No 5641—P. F. 46-95, DATED 18TH DECEMBER 1895.

Note to para 4 of Rule XLIII.

It has been objected that Revenue Officers have no jurisdiction in the matter of disputes about the use of water of a *Talapurge* situated in a Government village and that the Civil Courts are the proper tribunals to take cognizance of such disputes. The Government are unable to uphold

C. SREENIVASIENGAR.

No. 1268 *of* 1897.

DEPARTMENT, LAND RECORDS AND AGRICULTURE, N.-W. P. AND OUDH.

From the Director of Land Records and Agriculture, North-Western Provinces and Oudh, To the Director, Land Records and Agriculture, dated, Cawnpore, the 22nd July, 1897.

SIR,

I have the honor to inform you that when the weak monsoon of 1896 made the grave failure of the autumn crops in these Provinces a certainty and serious anxiety began to be felt as to the prospect of the spring harvest, the Government acting with advice of experts imported a large quantity of carrot seed from Europe with a view to growing a root crop as an auxiliary source of food supply in the winter before the Rabi could be gathered.

2. The seed received was of the following 3 varieties :—

Large white Mediterranean.
Do yellow ditto.
Do red ditto.

3. Owing chiefly to late arrival of the seed consignments in India the whole quantity could not, however, be disposed of, and the seed which remained undistributed has been stored in the Godowns of this Department at Cawnpore in airtight chambers.

4. I have now the honor to ask your co-operation in disposing of the surplus stock mentioned above.

5. The jails, gardens, agricultural associations, landholders and agriculturists in your provinces are likely to require carrot seed for sowing next winter. I shall therefore feel much obliged if you will be good enough to ascertain from the institutions, bodies and individuals above referred to what quantity of the imported seed they can find use for, and let me know the probable quantity required in your province. I shall then be glad to arrange for its supply. Only cleaned seed which has given satisfactory germination results will be issued.

6. The rate for the seed of the red variety is 8 annas and for the yellow or white variety 6 annas a seer (2 lbs).

7. The favor of a reply by the middle of September is requested in order that I may be able to so arrange for despatch of the seed from here as to ensure its arrival in your province in time for sowing.

8. I send spare copies of this letter in the hope that you may see fit to circulate it in your province.

I have the honor to be,
SIR,
Your most obedient servant,

(Sd.) J. S. MESTON,
Director.

ADDRESS

OF THE

DEWAN OF MYSORE

TO THE REPRESENTATIVE ASSEMBLY HELD AT MYSORE,

on Friday, the 8th October 1897.

GENTLEMEN,

In addressing you, by command of Her Highness the Maharani-Regent, on the administration of the past year, I shall first allude to the subject which must be uppermost in your minds, I mean the drought which prevailed in a more or less severe form in all our Maidan Districts. Happily the anxiety thereby caused has now been allayed by the plentiful rain we have so recently had all over the country. The S. W. Monsoon of last year, while it was both excessive and unseasonable in the Malnad, where it did serious damage to supari and coffee, was marked by scanty and long intermitted showers in the Maidan. The N. E. Monsoon was deficient every where; the tanks in most parts of the Maidan did not receive their normal supply, and the wet crops under them mostly failed; and the dry crops were indifferent over large areas. During the current year again the S. W. Monsoon threatened to fail altogether, and in many Maidan parts scarcity of fodder and drinking water was felt. The situation was aggravated by the prevalence in the bordering Districts of British India of widespread distress, which in some parts afterwards developed into a Famine. Although the conditions in the State itself were not particularly unfavorable, yet owing to food grains being extensively exported, the prices rose at one time almost to famine rates; rice went up 50 per cent, ragi 100 per cent, and jola 200 per cent; immigration set in of both men and cattle driven by the stress of famine

in the British Districts; and the Government had in consequence to adopt special measures of precaution and to prepare for coping effectually with the threatened drought and its possible developments. Our policy in the main was the same as that which had enabled us to pass unscathed through a similar calamity in 1891-92.

Special precautions were taken for ensuring the safety of food grains in store and in transit, cultivation in dry tank beds was authorized and the grazing in State Forests set free for the use of ryots' cattle. Nearly 2½ lakhs of rupees were granted for the construction of drinking water wells and works of village sanitation from Local Funds General, and an aggregate allotment of Rs. 2,80,500 was made for loans to ryots for the construction of irrigation wells and land improvement. Programmes of village relief works where likely to be wanted were ready, but the necessity for starting such works did not actually arise, as the concentration in the more affected parts, of works of the District and General Local Funds and of the D. P. W. Budget had so far proved sufficient. In certain taluks of the Kolar, Tumkur and Chitaldroog Districts which suffered most from the scanty rain-fall, Government directed the remission of one-half of the year's assessment on waste wet lands, and the Hulbanni tax was remitted in portions of the Chitaldroog District. A Famine Relief Code for Mysore was issued, agreeing in the main with the approved famine policy of the Government of India, but providing at the same time for continuing the distinctive feature of our policy of 1891-92, namely the execution, in the early stages of distress, through the agency of the Revenue Department, of small village works calculated to afford the poorer agriculturists and landless field labourers the means of earning a sufficient livelihood near their homes. The measures above enumerated, while ensuring proper watchfulness on the part of the local executive, tended to inspire general confidence. The rains of the last month were most timely and have removed all cause for anxiety regarding the prospects of the season, but unfortunately they proved excessively heavy, did harm in other ways and led to the disastrous Railway accident we had recently to deplore.

The contributions of private charity from all parts of the British Empire for the relief of the severe famine in the North of India having led to the formation of the Indian Famine Charitable Relief Fund, the people of Mysore, notwithstanding that their own position was not free from anxiety, spontaneously came forward to take a part in this great Imperial movement and contributed their mite to this Fund as some help to their suffering countrymen in the North. I am informed that the contributions from Mysore up to

I now proceed to read to you the statements of the approximate Income and Expenditure of the State under all heads during the past official year, as compared with the actual income and expenditure of 1895-96 :—

Lan Revenue.—In the statement of Income, the most noticeable feature is the considerable falling off under Land Revenue realized during the year, due chiefly to the unfavorable character of the year's rain-fall as already described. Owing to this cause the collection of a portion of the year's Land Revenue had to be deferred and some actual remissions became necessary; the demand for Government waste land for extension of cultivation was slacker than in 1895-96 and some wet lands under tanks which received no water in the Maidan Districts of Kolar, Tumkur, Bangalore and Chitaldroog were actually relinquished by the ryots.

Another cause of the decreased Land Revenue of the year was the introduction of the scheme I described to you last year, for a reduction of the heavy assessment on Malnad areca gardens. This scheme which has been brought into effect involves a total reduction in the annual Land Revenue of Rs. 83,480, and of this amount Rs. 75,000 appear in the last year's accounts.

The reduction in the year's Land Revenue due to the above causes was approximately as follows under the various heads:—

	Rs.
1. Deferred collections and remissions ..	2,75,000
2. Decrease in the sale proceeds of Government waste lands	97,000
3. Relinquishment of wet lands in Maidan Districts	13,000
4. Reduction of areca assessment	75,000
Total decrease..	4,60,000

	*Extent. Acres.	Assessment. Rs.
Dry..	22,300	14,000
Garden	600	4,000
Coffee..	2,000	500
	24,900	18,500

Per Contra, about 25,000 acres of new lands taken up in the year for dry, garden and coffee cultivation, brought an additional revenue of Rs. 18,500,* which, together with small improvements in Miscellaneous Items, served to give a net decrease in Land Revenue, as compared with the previous year, of Rs. 4,07,907.

Excise.—In Excise Revenue the decrease of Rs. 81,967 under Arrack was due to the smaller consumption of the year, the result of the high prices of food grains. The quantity consumed was 415,451 gallons, being a decrease, as compared with 1895-96 of 26,887 gallons, representing a falling off in the Still Head duty of nearly $1\frac{1}{4}$ lakh, but there was an increase of Rs. 34,191 in the rental of Separate Shops and Vend Farms sold by auction. With the single exception of the Kolar Gold Fields where, under the special high rates of wages commanded by the imported labor, the consumption showed an increase of 7,232 gallons, the decrease in consumption was general throughout the State, and in the case of the coffee taluks there was, in addition to the high price of food grains, the further check of a slack demand for labor owing to the

unfavorable season. The decrease of Rs. 18,779 under Toddy was due to fluctuations in the collections of the Revenue and calls for no special remark.

While on the subject of Excise Revenue, it may interest you to know that two important changes have been introduced with effect from the commencement of the current year. The first is the increase of the retail price of arrack per gallon 20° U.P. from Rs. 5-5-0 to Rs. 6-6-0. This gives the high rate of 2 annas per dram of the local measure and is expected to exercise a moderating salutary effect upon the consumer without inflicting any undue hardship. The other change introduced is the system of licenses for tapping trees for toddy. This system is already in force in parts of the Madras Presidency and is expected to tend to the better conservancy of our date groves and to augment the Toddy Revenue without any increase in consumption.

Sayer.—Under Sayer the decrease amounts to Rs. 1,35,000. It occurred chiefly in the Districts of Shimoga and Kadur, where the Areca trees suffered much from the disease known as Kolé-roga, brought on by the excessive rain-fall of the year, and the yield of the nut was in consequence far below the average.

Forests.—In the Revenue from Forests there was a large falling off, the decrease under Sandalwood alone having amounted to Rs. 3,32,000. The prevalence of the Bubonic Plague in Bombay and the Famine over a large area in the North affected the market for Sandalwood, and about 770 tons had accordingly to be retained unsold in the various Kotis. Miscellaneous Forest produce also gave a poorer return than in the previous year.

Kheddas.—Under the Bengal system, newly tried last year, of tracking elephant herds and surrounding them wherever found, three captures were effected, the number of elephants caught being 161. Besides these, 9 stray elephants which happened to enter the Kheddas later on, were also captured, making a total of 170. 52 of these were lost by death from various causes, by escape and by having had to be shot or released; 75 of the remainder and one elephant of the previous year's catch were disposed of for Rs. 71,945. The Khedda receipts including the previous year's arrears amounted to Rs. 73,927. The year's deficit under Kheddas was Rs. 12,273 against Rs. 47,204 in 1895-96, but the sale of the 43 elephants which remained unsold at the end of the year is expected to bring over Rs. 20,000. As it is now necessary to give the herds some rest, and as the Bengal system is found to be too wasteful, capture operations have had to be suspended for a time.

Gold Mining.—The value of gold extracted during the year amounted to £1,344,923 against £1,109,785 during 1895-96 and the Royalty on the year's production was £67,246.

The annexed statement shows the production of the various mines :—

The most noticeable increase in production has been in the Champion Reefs and Mysore; Nundydroog also shows some improvement, while the Tank Block (Mysore Wynaad and Mysore West) and the Coromandal Mines appear to have reached the dividend paying stage.

State Investments.—Owing to new investments in Government securities of the nominal value of nearly 37½ lakhs and to the higher rates of interest obtained for Bank Deposits there was an increase of a little over 1 lakh in the income from investments.

Railways.— In Railway income there was a slight falling off of Rs. 9,164.

Expenditure.—Proceeding next to examine the Expenditure of the State during the past year, the most important item is the increase of the Subsidy to the British Government by 10½ lakhs. You no doubt remember that upon the Rendition of the State to Native Rule, the Subsidy was enhanced from 24½ lakhs to 35 lakhs per annum, but the enhancement was generously waived for 15 years till 1895-96. After due consideration of the present resources of the State and of the various representations submitted by the Durbar from time to time for a permanent relinquishment of the increment, the British Government came to the conclusion that there were no grounds for its postponement beyond the 31st March 1896 (*i. e.* beyond the 15 years from the Rendition for which it had originally been waived) and accordingly the enhanced Subsidy of 35 lakhs had to be paid in full last year. In this connection

India as regards the surplus revenue of the Assigned Tract forming the Civil and Military Station of Bangalore. It is to the effect that so long as the Government of India spend the Revenues of the Station upon projects which they decide to be the purposes of the Station or of its administration, no question of surplus or of the consideration of the surplus in connection with the Subsidy, arises. This decision has led to the payment by the Durbar of the Subsidy at the enhanced rate of 35 lakhs, without any reduction on account of the surplus Revenue of the Station.

There have also been small increases in some of the Departments of the Administration, the more important of which are explained below :—

Rs.

19,382 under 'Excise' was due to a revision of the Establishment and to the cost of introducing the new tree tax system already explained.

47,840 under 'General Administration' was mainly under salaries of Councillors and of the Tutor and Governor to His Highness and increased Head Quarter Establishments.

28,190 under 'Courts' was owing chiefly to the charges incurred in connection with the Special Court constituted temporarily for the disposal of the case brought by the heirs of the late Brijilal Das, to the reconstitution of the Sub-Judge's Court at Shimoga and the establishment of an additional Munsiff's Court at Mysore.

67,000 under 'Police' was due to increase of the pay of Police Constables by one rupee (from Rs. 6 to 7 and from Rs. 7 to 8), and to the allowance of Totis and Talaris at the Special Ghat Roads sanctioned last year having been paid in full during the year.

11,000 under 'Education' was chiefly owing to purchase of books for the Oriental Library and of furniture and apparatus for the Department and to increments of the pay of the Inspector General.

23,500 under 'Scientific and Minor Departments' was on accunt of charges in connection with the printing of the Mysore Gazetteer, of purchases of apparatus for the Geological Survey Department and increment of the pay of the Senior Geologist.

13,000 under 'Superannuation Pensions, Gratuities, &c.' was due partly to payment of arrears of previous year and to new pensions granted.

2,10,000 under 'Investment Account' was owing to premia paid on the larger purchase of the Government of India Pro-Notes.

Railways.—In the interest payment for the borrowed capital of the Mysore-Harihar Railway there was a decrease of Rs. 35,941, while the expenditure on the capital account of other Railways shows an increase owing chiefly to the new Railway now being built by the State from Birur to Shimoga.

Surplus.—Taking now a general survey of the finances of the last year, we find that the income from the principal sources of our Revenue, namely, Land, Excise, Forests, and Sayer, all declined owing to the unfavorable season, and the aggregate falling off in Net Income from them was over .9 lakhs; under Gold Mining there was, however, an improvement of nearly $2\frac{3}{4}$ lakhs and the decrease in Net Income was thereby reduced to $6\frac{1}{4}$ lakhs. On the other hand, the Net Expenditure of the year largely increased; the enhanced Subsidy and new Railway Construction made the large addition of $12\frac{1}{2}$ lakhs to the usual annual expenditure; upon ordinary Public Works, however, the outlay was lower than in the previous year by about $6\frac{1}{2}$ lakhs, and this reduced the increase in annual expenditure to 6 lakhs. Thus with $6\frac{1}{4}$ lakhs of less Net Income and with 6 lakhs of more Net Expenditure, the surplus of the year was only Rs. $7\frac{3}{4}$ lakhs as compared with the 20 lakhs of 1895-96.

The opening balance on 1st July 1896 was Rs. 147,28,394, which with the year's surplus of Rs. 7,77,523 gave a closing balance of Rs. 155,05,917 on 1st July 1897. Of this amount, Rs. 135,94,500 represented the nominal value of Government of India Pro-Notes and Mysore Government Railway Debentures and the remainder was cash in the Madras Bank and Local Treasuries.

Budget.—The Preliminary Budget for 1897-98 (*vide* Appendix) provides for an income of Rs. 184,63,000 and an expenditure of Rs. 173,28,000, besides the sum of Rs. 14,50,000 required for the construction of the Birur-Shimoga Railway, a new re-productive work of importance for which a grant from the accumulated Surplus may probably become necessary.

Local Funds.—Having in the foregoing remarks dealt with the State Revenue from all sources, I may now refer briefly to the Revenue raised and expended for various local purposes.

(1) *District Local Funds.*—The income of the Local Boards of the various Districts amounted to Rs. 6,16,677 and together with their opening balance of Rs. 4,71,058, these Boards had at their disposal for expenditure for local purposes an aggregate sum of Rs. 10,87,735. Out of this, the total amount spent during the year was Rs. 7,13,318 as follows:—

	Rs.
Roads and other public works	5,78,944
Sanitation	12,090
Medical aid	69,381
Accommodation for travellers	16,326
Establishment	6,661
Refunds	10,013
Miscellaneous	19,903
Total ..	7,13,318

(2) *Local Funds General.*—In addition to the Funds administered as above by the Local Boards of the various Districts, the State maintains a special reserve fund formed by annual assignments of State Revenue and called "Local Funds General," to meet local wants beyond the capacity of the various District Boards. The expenditure out of this fund was Rs. 2,15,883 as follows:—

	Rs.
Communications including accommodation for travellers	1,14,416
Chikmagalur water-supply	7,225
Drinking water wells and miscellaneous public improvements	73,733
The Industrial School and the Karnatic & Unani Hospitals	17,809
Miscellaneous	2,700

3. Medical aid	48,074
4. Education	38,233

Public Works.—Before proceeding to review the D. P. W. operations of the year, I may refer to the recent division of the State into two Circles in charge of separate Superintending Engineers subject to the orders of the Chief Engineer. This measure was introduced tentatively in order to strengthen the Administrative Branch of the Department and to afford better control over expenditure, with more frequent and effective inspections of works in progress as well as more thorough scrutiny of projects under preparation.

The expenditure on Public Works (other than Railways) amounted during the year to Rs. 36,73,458 against Rs. 40,30,021 in 1895-96, the decrease being due to the completion of the Chamarajendra and Vanivilas Works for the water-supply of Bangalore and Mysore. As the Durbar have, from the outset, been anxious that both the City and the Civil and Military Station of Bangalore, should participate

alike in the benefits of an established water-supply, and as the Chamarajendra Reservoir is capable of supplying water to the Station without any appreciable diminution of the supply to the City, an agreement has been entered into with the British Government whereby water is to be drawn from the said Reservoir for the supply of the Station.

The Public Works expenditure in 1896-97 was distributed over the following funds:—

	Rs.
Provincial Fund	25,48,034
District Fund	5,08,541
Irrigation Cess Fund	3,81,456
Palace Fund	27,671
Grants for Sanitary Works from Provincial and Local Funds General	72,757
Non-Budget Public Works Department Works (*i.e.* debitable to Forest, Education Cess, Cemeteries, &c., and Contributions) ...	1,34,999
Total.....	36,73,458

Classified by service heads, the distribution of the above outlay on both Original Works and Repairs stood as follows:—

	Rs.
Military Buildings	1,99,010
Civil Buildings	3,28,941
Communications	9,04,007
Miscellaneous Public Improvements	3,89,351
Irrigation	10,03,860
Tools and Plant	16,980
Establishment	6,09,017
Suspense Accounts	14,536
Sanitary Works	72,757
Works debitable to Civil Department Budgets ...	1,34,999
Total.....	36,73,458

The following are some of the more interesting details concerning works in progress:—

Military Buildings.—The New Barracks for the Imperial Service Troops made satisfactory progress, and the huts and subsidiary buildings are approaching completion. The outlay on this work alone amounted to over a lakh and a half.

Civil Buildings.—Under this head, the most important item is "the Victoria Hospital at Bangalore" estimated to cost $3\frac{1}{2}$ lakhs.

Allusion may also be made to the commencement of the buildings which at a cost of half a lakh will form a suitable, comfortable and healthy "Students' Home" in Mysore. A similar Home will also be provided for Bangalore at the same time. These Homes will meet a long felt want and will be a special boon to the many Mofussil students who come to Mysore and Bangalore for their education.

Communications.—Under "Communications" the most important works undertaken during the year were the large bridges at Holé-Narsipur across the Hemavati river, and at Tadasa across the Bhadra river, on which Rs. 16,000 and Rs. 36,000 were spent. These important bridges were promised in the previous year, and it is satisfactory to note that the good progress made on them during the year gives promise of their early completion. Several small new bridges at hitherto difficult road crossings were in hand, together with many new branch lines and other required general improvements to our roads.

Irrigation.—The total outlay on Irrigation during the year was Rs. 10,03,860.

In Tumkur, the great Mavatur Tank made good progress, notwithstanding the difficult and costly foundation; in Chitaldroog, the Vuduvalli and Kathral tanks were completed with the exception of the distribution channels; in Mysore the Holasal and Hulhalli channels were practically completed, and the Chamaraj channel was approaching completion; and satisfactory progress is reported on the Kalhalli anikat and channel extension in French Rocks, on the South Sriramadevar Channel in Hassan, and on the Kuksandra Tank in Kadur.

The investigation of other large projects for the further development of irrigation in the State continues to engage the best attention of the Public Works Department, and among these I may mention the proposed big tank across the Vedávati at a point some 10 miles higher than Mári-kanavé. This project in so far as it has been examined, promises to do away with the need for a Reservoir at Mári-kanavé, which has failed to advance to any practical stage after all the discussion and preliminary investigation devoted to it during the past 50 years.

Sanitation.—The outlay of Rs. 72,757 was incurred on the completion of the water-supply projects and drainage improvements of various mofussil towns now being dealt with.

Railways.—The projected Railway from Arsikere *viâ* Hassan and Manjarabad to the West Coast is still under consideration. The difficult problem of the best and most economical route and method for the Ghaut descent is being carefully investigated by the Durbar.

Railway construction during the year was confined to the branch line from Birur to Shimoga, and very satisfactory progress was made with the earthwork and minor bridges.

It is satisfactory to note in this place that the percentage of net earnings on Capital outlay shows on all our Railways some improvement as compared with 1895-96. The improve-

Branch, from 3·46 to 3·99 on the Hindupur and Nanjangud branches and from 4·57 to 4·77 on the Main Line from Mysore to Harihar. On the last named line, however, the payments on account of interest on the expended portion of the English Loan and the Southern Mahratta Railway Company's ¼th share of profits, together amounted to 5·96 per cent upon the Capital outlay, as against net earnings of 4·77 per cent, and there was in consequence a deficit of Rs. 1,79,733.

Education.—The total number under instruction in both public and private institutions was 114,763, of whom 100,299 were boys, and 14,464 were girls. The percentages of male and female pupils to the male and female population of school-going age were 27·51 and 4·00 respectively. The total expenditure on Education amounted to Rs. 9,16,969, and was drawn from the following sources:—

	Rs.
State Funds	4,80,454
Local rates or cesses	2,05,925
Municipal Funds	32,762
Fees	96,187
All other sources	1,01,641

Of new schools established during the year 94 were Indigenous, 7 Anglo-Vernacular and 2 Normal schools for the training of Primary school teachers. Gymnastic and Drill Instructors were appointed in all Colleges and High Schools.

Satisfactory progress is reported in female education. The Maharani Girls' school, Mysore, is to be congratulated upon the passing of the Matriculation Examination by three of its pupils. They are now studying for the F. A. Examination in the same institution, and have been granted special scholarships under a covenant that they should serve as teachers after passing. From all Girls' schools in the State three girls passed the Upper Secondary Examination, seventeen the Lower Secondary Examination and one the Teacher's Certificate Examination. An Upper Secondary Department was opened in the Government Girls' school at Bangalore.

To the Oriental Library were added 554 printed and 344 manuscript works; the latter include two rare works of Jain literature, namely, Anantanathapurana by Janna and Pársvanathapurana by Pársva, both of the 13th century.

Archæology.—Three important identifications of places were made during the year, namely, (1) Kitthipura, capital of Punnád, with Kittur in the Heggaddevankote Taluk. The Province of Punnáta or Punnád corresponds with the Pounnata mentioned by Ptolemy in the 2nd century, and mention of it occurs in connection with Bhadrabáhu who died at Sravana Belgola in the 3rd century B. C. (2) *Anebiddasari* or Anebid-

kur, with Anegondi on Devarayadurga. (3) The boundaries of the early Hoysala kingdom in the 11th century, not before known.

Meteorology.—The work of the four observatories at Bangalore, Mysore, Hassan and Chitaldroog was carried on without interruption during the year, and valuable observations were recorded at the Central Observatory, Bangalore, with the aid of self-registering instruments. Besides the weekly publication of statistics in the Official Gazette, a series of annual publications called the "Meteorology of Mysore," a work regarded as a valuable contribution to the climatology of this part of India, was issued, as well as tables of annual rain-fall. For the accuracy of rain-registration throughout the State, a uniform gauge, (*viz.* the 4·7 inch gauge), was introduced in all the 161 registration stations.

Geology.—The total area examined by the Geological Department during the year amounted to 800 square miles, and area actually mapped to 500 square miles.

The mapping of the Gold Fields geologically on a larger scale than yet attempted has been started, and when completed, will be of great value and interest.

Mujroyi.—During the year the revision was completed of the Tasdik Pattis of the principal temples and Mujroyi Chattrams in the Hassan and Kadur Districts.

Repairs to 64 religious and charitable institutions at a total outlay of Rs. 37,844 made satisfactory progress during the year.

Medical.—Among new Medical institutions opened during the year may be mentioned the Bangalore Eye Infirmary which has already attained considerable popularity, and the Bacteriological Institute which promises to be a valuable help in the prevention and treatment of zymotic diseases.

Legislation.—The Regulations passed during the year were —

II of 1896.—A Regulation to provide for the imposition and levy of certain duties on cotton goods.

III of 1896.—A Regulation to amend the Indian Limitation Act as in force in Mysore.

I of 1897.—A Regulation to amend the Mysore Legal Practitioners' Regulation III of 1884.

II of 1897.—The Epidemic Diseases Regulation.

The Mysore Mines Regulation, to which reference was made in my last Address has been passed and promulgated this week. The Rules required to be framed under this Regulation are now under preparation.

Agricultural Banks.—As intimated at the last meeting an Officer was appointed in December 1896 to examine into

upon new Banks proposed to be formed and to explain to the inhabitants of the rural tracts the principles on which such Banks should be founded. The interest which the landholding classes have begun to take in the formation of Agricultural Banks is full of hope for the future of this experiment. In the year 1894-95, the first year in which the scheme was put on a workable basis, a moderate beginning was made with two such Banks. They were followed by six more in the next year, by eighteen during the third year and by twelve up to date in the current year. Thus we have altogether 38 such Banks at present carrying on business with funds aggregating Rs. 11,75,000. The Government note with satisfaction an increasing appreciation by the rural population of the usefulness of these institutions and of the importance of the co-operative principles so essential for their success. These are very clearly laid down in the form of the Articles of Association prescribed under the Companies Regulation, and an important part of the duty of the Government Inspector is to further explain them to the people in as popular a way as possible and by means of frequent inspections to ensure close and uniform adherence to them by every Agricultural Bank. The reports to hand up to date contain the encouraging assurance that there has so far been no departure in the case of any Bank from the rules prescribing the rural character of its association, the limited area from which the members are to be drawn, the joint and several unlimited liability of the members for the debts of the Bank, the absence of a share capital, the grant of loans to members only and for approved purposes only, the exclusive application of the money lent upon such purposes and upon no others, the absolute punctuality in repayment, the gratuitous service of members and various other regulations, all calculated to ensure success to the co-operative borrowing which it is the object of the system to inaugurate and firmly to establish in the country. I must however recall to your mind what I said when first announcing the system to you in October 1894. I then said that a Bank constituted and doing business on the principles above enumerated "must be solvent and will be "able eventually to command ample credit in the open "market; but while such credit is in the process of growth— "and its growth will take time—the Government will be pre- "pared to help the Bank with deposits of money at favorable "rates of interest." The Government are carrying out as you know the promise I thus made three years ago, but it rests with the members composing the Banks already formed or to be hereafter formed, and upon the agricultural population generally, to help in every way in their power the growth of agricultural credit so as to be able to borrow upon its security in the open market, for the wants of individual agriculturists. If this great end has been attained in

other countries there is no reason why you should fail to achieve it. I take it as a hopeful sign of the first small beginnings of united credit that three of the banks have secured for their purposes small deposits of money from the members and others, and, when public confidence is more widely established in the thorough solvency of Agricultural Banks under our system, there is no reason why these Banks should not attract the whole of the capital* which now finds investment in the Government Savings Banks in the State in spite of the small rate of interest allowed, of $3\frac{1}{8}$ per cent.

*Some 30 lakhs.

The Palace Fire.—And now I have to refer to that sad event of the year, the Palace Fire. I need not now detain you with the details of that unfortunate occurrence which were so fully published at the time. Occurring as it did immediately after the festivities connected with the marriage of the First Princess, this catastrophe for some time cast a gloom all over the State and evoked expressions of deep sorrow from all parts of it.

A committee, consisting of Mr. P. N. Krishnamurti, C.I.E., Member of Council, Colonel Bowen, Chief Engineer and Secretary, Public Works Department, Mr. S. M. Fraser, Tutor and Governor to His Highness the Maharaja, and Mr. Dalavoy Devaraj Urs, was appointed to investigate the cause of the outbreak of the Fire and the circumstances attending it. The committee made a very careful enquiry and arrived at the conclusion that the marriage pandal was accidentally lighted from above. Out of a superficial area of 152,968 square feet of which the Palace Buildings consisted, about $\frac{1}{5}$th or 30,054 square feet was destroyed; the Sajje or the front portion and the three storeys rising above it to the Gold Kalasa, the Sanskrit Library, the Armoury, the Music Room, and the Balakhana were completely destroyed, and of the newly constructed Ambavilas or Durbar Hall, the woodwork was destroyed, leaving the walls, roof and the stone and iron framework standing. The lives of eight persons were lost in the Fire, four being those of Palace servants and four of outsiders. Her Highness the Maharani-Regent, while deeply regretting the death of these men, awarded their families liberal money presents and pensions. Her Highness was further pleased, by means of a public Notification, to express Her heartfelt thanks as well for the messages of sympathy received from all quarters, as for help from the officers of the State and from others and from persons of all conditions of life, who so readily came forward each to do what lay in his power to put out the fire or to save the property.

A suitable design for the reconstruction of the portions of the Palace destroyed by the fire has been prepared by a well known Architect. This design while following the general

outline of the old building is in many ways an improvement upon it, and in the construction, it is intended to provide for immunity from future accidents of a similar kind, and the whole work will be completed as quickly as possible.

The Diamond Jubilee.—Gentlemen,—Before concluding this Address, I must allude to that Great Event—the celebration of the Diamond Jubilee of Her Most Gracious Majesty the Queen-Empress of India. The celebration at Bangalore was conducted by Her Highness the Maharani-Regent in person, and at the Durbar held at the Palace, Bangalore, on the 22nd of June, the Kharita received from His Excellency the Viceroy was presented by the British Resident in Mysore to Her Highness the Maharani-Regent, who caused to be submitted to Her Majesty, a message of hearty congratulation on the auspicious event, together with an expression of the grateful devotion and loyalty of both the Ruling Family and the People of Mysore. Durbars were held at the Head Quarters of all Districts and Taluks in the State at which the principal Executive Officers announced to the people assembled the object of the celebration, the wisdom and benevolence of Her Majesty's reign, the claims of Her Majesty upon the gratitude of India generally, and of Mysore in particular, and the satisfaction of Her Highness the Maharani-Regent at the warm enthusiasm which the auspicious event had evoked in all parts of Mysore. The occasion was marked throughout the State by the offer of prayers in all places of worship, by the release of a certain number of prisoners as an act of clemency, by the feeding and clothing of the poor, and by public entertainments and rejoicings. The Fetes at the Cubbon Park, Bangalore, (in which both the City and the Civil and Military Station combined) were a conspicuous success. And on the same day Her Highness the Maharani-Regent laid the Foundation Stone of a new Hospital, to be called the "Victoria Hospital, Bangalore" for affording medical relief to sufferers of all classes without distinction and to be maintained as a Permanent State Charitable Institution in commemoration of the long and glorious reign of Her Most Gracious Majesty the Queen-Empress of India.

The Government of India have decided that pilgrims from the Mysore State should be kept under observation in the Madras observation camp, whence they will be despatched to Bombay and transhipped, without being permitted to land, on to a vessel bound for Karachi, which will be their port of embarkation for the Hedjaz.

3. Arrangements will be made, in communication with the Government of Madras, for the despatch of intending pilgrims from Mysore to the Madras observation camp, and a further communication sent to you on this point."

Letter No. 2549, dated 27th November 1897, from the Secretary to the Government of India, Home Department, to the Secretary to the Government of Madras, Local and Municipal Department.

"I am directed to address you in continuation of my letter No. 2524, dated 21st instant, on the subject of the departure for the Hedjaz of pilgrims for the Madras Presidency, from the Mysore and Hyderabad States, and from the Hyderabad Assigned Districts. The Government of India accept the suggestions contained in your telegram of the 11th and 13th instant, that pilgrims from the Madras Presidency should be despatched by sea to Karachi *viâ* Bombay, from some port in the Madras Presidency other than the port of Madras, and that they should be transhipped at Bombay without being permitted to land. The Government of Bombay are being requested to make the necessary arrangements for the transhipment of the pilgrims at Bombay and to enter into communication with the Government of Madras on the subject.

2. The intending pilgrims should in the first place be collected in an observation camp and detained for a minimum period of ten days under the careful superintendence of a Commissioned Medical Officer. Intending pilgrims who have completed the ten days observation period and are certified to be free from infection should be sent to a Madras port to be shipped to Bombay *en route* for Karachi. The dates of the despatch of pilgrims from the Madras port should, with the permission of the Governor in Council, be arranged in communication with the Government of Bombay, in order that they may fit in with the transhipment arrangements at Bombay and with the arrangements made at Karachi for despatching pilgrims to the Hedjaz. Pilgrims should be despatched from the provincial camp to the Madras port of departure by special train and under the charge of a responsible officer, who the Government of India consider should accompany the pilgrims as far as Bombay. Passage tickets to the Hedjaz may be sold only at the observation camps, and I am to request that the necessary steps may be taken to enforce this order, and, in communication with the Government of Bombay, to make it known to shipping agents and pilgrim-brokers.

3. The Government of India consider that pilgrims from the Mysore and Hyderabad States and from the Hyderabad Assigned Districts should also be collected for observation in the Madras observation camp, and that they should be shipped to Karachi along with, and under the same arrangements as, the Madras pilgrims. A copy of this letter is being sent to the Resident in Mysore and the Resident at Hyderabad, and I am to request that the Government of Madras will settle, in communication with them, the arrangements for collecting the Mysore and Hyderabad pilgrims in the Madras observation camp.

4. I am to request that, with the permission of the Governor in Council, arrangements may be made as quickly as possible to give effect to the instructions contained in this letter, and that the arrangements may be communicated to the Government of India and the Government of Bombay."

No. 6829-36—MIS. 1418, DATED, BANGALORE, 13TH DECEMBER 1897.

ORDER THEREON.—Communicated to Deputy Commissioners of districts with reference to para 2 of Government Proceedings No. 6226—Mis. F. 21-96, dated 30th November 1897, with the request that they will give the widest publicity to the instructions of the Government of India regarding the despatch to the Hedjaz of pilgrims from the Mysore State.
